

VAPO-MIST 500-D

ACTIVE INGREDIENTS.....100%

DDVP (2,2-dichlorovinyl dimethyl phosphate)	0.46%
Related Compounds	.04%
Pyrethrins	.50%
*Piperonyl Butoxide, Technical	1.00%
N-Octyl Bicycloheptenedicarboximide	1.06%
Perchloroethylene	.50%
Petroleum Hydrocarbons	95.84%

* Consists of (Butylcarbityl) (6-propylpiperonyl) ether and related compounds.

This product to be used by a qualified pest control operator only.

VAPO-MIST 500-D is a contact insecticide for use primarily in thermal fog generators such as the Dyna Fog and BVI for smoke fogging and with the Hill's Fogmaster as a wet mist vapor. VAPO-MIST 500-D is especially formulated for use in flour mills, bakeries, dairies, canneries, food processing plants, bottling plants, warehouses, super markets, restaurants and other establishments where food is processed or stored.

It will give an almost complete knockdown and kill of certain small flying insects such as flies, mosquitos, gnats, flour moths, exposed adult stages of meal and grain moths, exposed roaches (waterbugs), silverfish, spiders and fleas when used according to directions.

VAPO-MIST 500-D is a non-residual contact insecticide and will leave no contaminating residue and will not stain.

Use this product as a space spray in food processing plants only when plant is not in operation. Foods should be removed or covered during treatment. All food processing surfaces should be covered or thoroughly cleaned before using.

DIRECTIONS FOR USE:

Thoroughly clean area to be fogged by removing accumulation from cracks, corners and around all equipment. DO NOT DILUTE VAPO-MIST 500-D.

SPACE SPRAYING WITH DYNA FOG OR BVI: For flies, mosquitos, gnats, flour moths and certain small flying insects - fog 1/2 pint VAPO-MIST 500-D per 20,000 cubic feet of space. To kill accessible crawling insects such as roaches, silverfish, crickets, fleas and similar insects - fog 1 pint per 20,000 cubic feet of space.

SPACE SPRAYING WITH HILL'S FOGMASTER: For certain small flying insects, 1 pint per 20,000 cubic feet of space. To kill accessible crawling insects such as roaches, waterbugs and similar insects - atomize 1 quart of VAPO-MIST 500-D per 20,000 cubic feet of space.

Keep doors and windows closed for at least 20 minutes to obtain maximum results. Fallen insects should be disposed of as soon as possible after spraying. Repeat application as often as necessary.

Harmful if swallowed. Keep out of reach of children. Avoid contact with food. Avoid continuing breathing of fog. **INFLAMMABLE:** Do not use or store near open fire or flame.

CAUTION: KEEP OUT OF REACH OF CHILDREN. Do not contaminate food or feed. For industrial use only.

Net Vol.....Gal.
