STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED - Call a physician or poison control center immediately. **DO NOT INDUCE VOMITING.** Vomiting may cause aspiration pneumonia.
IF INHALED - Remove victim to fresh air. Apply artificial respiration if indicated.
IF ON SKIN - Remove contaminated clothing and wash affected areas with soap and water.
IF IN EYES - Flush eyes with plenty of water. Call a physician immediately.

NOTE TO PHYSICIAN - Solvent presents aspiration hazard. Gastric lavage may be indicated if material was taken internally. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidote.

PRECAUTIONARY STATEMENT

HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed, inhaled or absorbed through the skin. Do not get in eyes, on skin or on clothing. In case of contact, wash immediately with soap and water before eating or smoking. Wash all contaminated clothing with soap and hot water before re-use. To physician, Atropine sulfate is antidote.

PHYSICAL HAZARDS

COMBUSTIBLE. Do not store or use near heat or open flame

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.
PESTICIDE DISPOSAL - Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
CONTAINER DISPOSAL - Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by State, Federal and local authorities.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.
Do not use as a space spray. Provide adequate ventilation of area being treated. Do not allow children to contact treated areas until surfaces are thoroughly dry. **DO NOT APPLY IN THE EDIBLE PRODUCT AREAS OF FOOD PROCESSING PLANTS.** continued

HILL #74

ROACH & INSECT SPRAY

#74 Roach & Insect Spray is a highly effective ready-to-use formulation for control of the insects listed below. This product drives insects from their hiding places, gives rapid kill and long residual activity. Kills ants, brown dog ticks, cockroaches, firebrats, fleas, flies, gnats, mosquitoes, paperlice, punkies, sandflies and silverfish.

ACTIVE INGREDIENTS:

o-isopropoxyphenyl methylcarbamate	1.000%
Related compounds	0.017%
Pyrethrins	0.050%
Piperonyl Butoxide Technical*	0.100%
N-Octyl Bicycloheptene dicarboximide	0.167%
INERT INGREDIENTS**	88.666%
TOTAL	100.000%

*Consists of 0.08% (butylcarbityl) (6-propylpiperonyl) ether and 0.02% related compounds.

**Contains Petroleum Distillate

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

See side panels for additional precautionary statements.

PROVEN SOLUTIONS TO MAINTENANCE PROBLEMS

DIRECTIONS CONTINUED

Do not apply to animals. Remove pets and cover fish bowls before spraying. Do not spray plants. Hill #74 Roach and Insect Spray is especially formulated for use in non-food areas of flour mills, dairies, canneries, bottling plants, warehouses, supermarkets, restaurants and schools. Non-food areas include garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, and storage (after canning or bottling). This product must be applied using a compressed air sprayer. Do not apply this product using a trigger pump sprayer. Use a coarse spray nozzle. Spray surfaces only until wet. Avoid excessive run-off. Treat exposed surfaces where insects may crawl when they come out of hiding. Repeat treatment as necessary.

COCKROACHES - Thoroughly treat the infested area. Spray baseboards, cracks and crevices; around window and door frames; the under surfaces of shelves, drawers and work tables; behind and beneath cabinets and sinks; in and around waste containers, switch panels, junction boxes, floor drains, and other places where cockroaches hide or rest. Prior to application de-energize electrical equipment. After application, allow time for oil to evaporate before starting motors or placing switches in the "ON" position.

ANTS - Apply to trails and places where ants enter premises, such as window and door sills.

SILVERFISH, FIREBRATS & PAPERLICE - Apply to localized areas infested by these insects.

BROWN DOG TICKS - Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks and local areas of floors. Repeat as needed. Fresh bedding should be placed in animal quarters after spraying. Do not spray animals.

FLEAS, FLIES, GNATS, MOSQUITOES, PUNKIES & SANDFLIES - Spray infested areas thoroughly including surfaces of screens, doors, window frames, foundations, patios and other areas where insects enter.

FOR USE IN NON-FOOD AREAS OF MEAT PACKING & FOOD PROCESSING PLANTS - Use only in inedible product areas of these plants. Non-food areas include garbage rooms, mop closets, lavatories, floor drains (to sewers), entries, vestibules, garages, and storage (after canning or bottling). Good sanitation and proper disposal of wastes is essential in any effective insect control program.

ACCEPTED

DEC 21 1993

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 402-95
