DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FOR USE: Apply any time of year except when ground is frozen. Best results are obtained by treating after predominate species are well established in late spring or early summer. The degree and duration of results will depend upon the amount applied, type of soil, amount of rainfall and other conditions. User should consult Agricultural Experiment Station or Extension Service weed specialists as to use of this product in their locality or consult the sales representative. **General Weed Control:** Apply 2 to 5 gallons per 1,000 square feet (80-200 gals per acre) on non-cropland areas as parking lots, fence, loading ramps, railroad sidings, storage yards, around buildings and industrial plants sites to control most weeds for an extended period of time. **Annual Weeds and Grasses,** as foxtail, ryegrass, wild oats, crabgrass, cheatgrass, broomseed, ragweed, lambsquarter and turkey mullein, apply 1 to 2 gallons per 1,000 square feet (40-80 gallons per acre). **Perennial Weeds and Grasses,** as smoothbrome, Canada bluegrass, purple top, quackgrass, broomseed aster, dandelion, dog fennel, goldenrod, plaintain and wild carrot, apply 2 to 4 gallons per 1,000 square feet (80-160 gallons per acre). **For Hard to Kill Perennial Weeds,** as Johnsongrass, salt grass, and horsetail, apply 3 to 5 gallons per 1,000 square feet (120 to 200 gallons per acre).

PROVEN SOLUTIONS TO MAINTENANCE PROBLEMS

PRECAUTIONARY STATEMENTS CONTINUED

ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Birds and other wildlife in treated areas may be killed.

For use only on non-croplands. Do not apply directly or permit this product to come in contact with any desired plant or vegetable. Do not permit spray mists to drift to other areas. Use a coarse spray. Vapors from this product may injure susceptible plants in the immediate vicinity. Do not apply to areas underlaid by roots of desired plants.

Thoroughly clean spray equipment before using for any other purposes or reserve spray equipment for this purpose only. Do not store near fertilizers, insecticides, seeds or any plant treating materials. Use this product only for the purpose intended.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited.

STORAGE: FLAMMABLE LIQUID. Do not store, pour or spray near open flame or heat.

HERBICIDE DISPOSAL: Herbicide wastes are toxic. Improper disposal or excess herbicide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Herbicide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill or by other procedures approved by State and local authorities.

Not Reviewed. Registration of this product is in accordance with the registration of 1,4-dichlorophenoxyacetic acid for Phase 2 of the 1990s. This product is a "Best Challenge" in Service.
