DIRECTIONS FOR APPLICATION WITHIN FOOD AREAS AND NON-FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS.

FOOD AND FEED HANDLING ESTABLISHMENTS - Places other than private residences in which exposed food or feed is held, processed, prepared or served.

FOOD AREA-APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing) preparing, edible waste storage and enclosed processing systems such as mills, dairies, bakeries, restaurants or anywhere food or feed is stored, processed, prepared or served. Serving areas (when food is exposed and facility is in operation) also would be considered a food area.

Apply in small amounts directly into cracks and crevices using a bulbous duster or other suitable equipment capable of applying insecticide directly into cracks and crevices, in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, conduits, motor housing and electrical switch boxes where cockroaches hide.

Care should be taken to avoid depositing the product onto exposed food and feed processing, preparation and serving surfaces or introducing the material into the air. Avoid contamination of food or feed processing surfaces.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AND FEED AREAS OF FOOD HANDLING ESTABLISHMENTS, OTHER THAN AS A CRACK AND CREVICE TREATMENT, ARE NOT PERMITTED.

SERVING AREAS - Facilities where prepared foods are served, such as dining rooms, but excluding areas where foods may be prepared or held.

Apply as a spot treatment to selective surfaces such as baseboards, under elements of construction into cracks and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed.)

NON-FOOD AREAS - Includes garbage rooms, lavatories, floor drains (to sewer entries and vestibules), offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling.)

Apply to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter.

ACCEPTED
JUN 1 1994
Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, I, the pesticide registered under EPA Reg. No. 402-126

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

HARMFUL IF SWALLOWED. MAY CAUSE EYE IRRITATION. AVOID EYE CONTACT. WASH HANDS THOROUGHLY AFTER HANDLING. APPLY ONLY IN AREAS INACCESSIBLE TO CHILDREN AND PETS. ANY POWDER VISIBLE AFTER APPLICATION MUST BE BRUSHED INTO CRACKS AND CREVICES OR REMOVED. DO NOT USE IN SERVING AREAS WHILE FOOD IS EXPOSED.

ROACH BLITZ

ROACH BLITZ is a non-staining, non-flammable, odorless powder which is effective in killing roaches, waterbugs, silverfish, palmetto bugs and ants. It provides long-lasting protection so long as the powder remains dry. Will control cockroach infestations in homes and buildings.

USE IN:

- Apartments
- Hotels
- Motels
- Homes
- Hospitals
- Theaters
- Schools
- Warehouses
- Factories
- Restaurants
- Nursing Homes
- Mobile Homes
- Buses
- Ships
- Kennels
- New Building Construction

FOR INDUSTRIAL AND COMMERCIAL USE ONLY

DIRECTIONS FOR USE:

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

1. Using bulbous duster, create a barrier through which roaches must crawl.
2. Reapply as necessary. Any powder visible after application must be brushed into cracks and crevices or removed. Apply only in areas inaccessible to children and pets. Avoid contamination of feed and foodstuffs.
3. Apply liberally under and behind appliance in utility rooms and kitchens.
4. Apply to baseboard areas, around water pipes, in void areas accessible due to cracks and holes around plumbing.
5. Dust into pits of elevator shafts, trash chutes, under pallets and boxes.
6. Apply under bookshelves and cabinets.
7. Apply approximately 1 pound for every 1,000 sq. ft.
8. Applications of this product in Food Areas of Food Handling Establishments, other than as a crack and crevice treatment are not permitted.

STORAGE AND DISPOSAL

- Storage: Store only in original container, in a dry place inaccessible to children and pets.
- Disposal: Do not reuse empty container. Securely wrap in newspaper and discard in trash.
