NET CONTENTS \_

Manufactured by  
IMPERIAL INC.  
SHENANDOAH, IA 51601

EPA Reg. No. 407-321  
EPA Est. 407-IA-1

G-72-84-1

Not to be used on horses, dogs, cats, birds, or other animals.  
Not to be used on food crops, ornamentals, or lawns.  
Resistant to eye irritation. Avoid contact with eyes.

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. Avoid contact with eyes, skin and clothing. In case of contact wash thoroughly with soap and water.

NOTE TO PHYSICIAN: Malathion is a cholinesterase inhibitor. Atropine and 2-PAM are antidotal and may be administered in conjunction with one another.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish, aquatic invertebrates, and aquatic life stages of amphibians. Do not apply directly to water or wetlands (i.e., swamps, bogs, marshes, and potholes). Drift and runoff may be hazardous to aquatic organisms in areas near the application site. Do not contaminate water when disposing of equipment washwaters.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

STORAGE: Store in a secure area, in original container only, away from fertilizers, food, or feed.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Do not contaminate water, food, or feed by storage or disposal.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
