KEEP OUT OF REACH OF CHILDREN

CAUTION

SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS

IF SWALLOWED - Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.

IF ON SKIN - In case of contact, remove contaminated clothing and immediately wash skin with plenty of soap and water.

IF IN EYES - Flush eyes with plenty of water.

NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine only by injection is an antidote.

Not Reviewed. Registrant claims to be in accordance with Reregistration of Pesticide Product Guidance for Phase 2 Response, Page 2.12, Active to Inert Change in Status.

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
CAUTION**

May be harmful if swallowed. Avoid contact with eyes, skin, and clothing. Avoid breathing vapors or spray mist. Do not use this product in food areas of food handling establishments, restaurants or other places where food is commercially prepared or processed. Wash thoroughly after handling.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish, birds, and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of dishwater.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Do not contaminate water by cleaning of equipment or disposal of waste.

**STORAGE:** Store in a secure area, in original container only, away from fertilizers, food, or feed.

**PESTICIDE DISPOSAL:** Securely wrap original container in several layers of newspaper and discard in trash.

**CONTAINER DISPOSAL:** Do not reuse container. Rinse thoroughly before discarding in trash.

**GENERAL INFORMATION:** Use this product as an undiluted spray.

DO NOT apply spray to conduits, motor housings, electrical boxes, or equipment because of possible shock hazard. DO NOT use in livestock or poultry buildings. DO NOT allow contact with food, feedstuffs, or water supplies. Thoroughly wash dishes and food handling surfaces and utensils if they are contaminated by this product. DO NOT allow children or pets to touch treated surfaces until spray has dried. Remove pets and cover fish before using.

**INDOORS**

For homes, apartments, mobile home parks, stores, hospitals, clinics, factories, and warehouses: FOR SPOT TREATMENT ONLY -- Apply as a coarse spray using this handy spray bottle or a similar sprayer, or with a paint brush to only those areas where pests are found or normally occur. Controls roaches (including those resistant to other insecticides), ants, clover mites, crickets, spiders, silverfish, and firebrats. Apply to dark corners of rooms and closets, cracks and crevices in walls, along and behind baseboards, beneath and behind sinks and appliances, around plumbing and sewer connections, garbage cans and dumpsters, and refuse bins or piles. For ants apply to trails and around entry points such as doors and windows. NOTE: It usually takes from 4 to 7 days for maximum effect on cockroaches.

For carpet beetles: It is advisable to test this material on a piece of the carpeting prior to general use. Apply thoroughly as a spray for spot treatment along baseboards and edges of carpeting, under carpeting, pads, rugs and furniture, in closets and on shelves, and wherever these insects are seen or suspected.

**For control of fleas and brown dog ticks:** Thoroughly apply as a spray for spot treatment to infested areas such as, pet beds and resting spots, nearby cracks and crevices, along and behind baseboards, window and door frames and those other areas your pet frequents. Remove and dispose of old bedding. Treat your pet on a regular basis for fleas using a collar or product designed for that purpose. **DO NOT USE THIS PRODUCT ON PETS.**

#### OUTDOORS

**Flies and mosquitoes:** Use of this product will reduce annoyance from these insects. Spray the outside surface of screens, doors, window frames and other entry points. Use around light fixtures, but do not spray directly into them.

**Ants, ticks, crickets, fleas, and earwigs:** For spot infestations, spray around shrubbery, flower beds, weedy or brushy areas thoroughly. For ants, wet hill and trails. Repeat as insects reappear.

**NOTICE:** Buyer assumes all risks of use, storage, or handling of this product not in strict accordance with directions given herewith.
