**DIRECTIONS FOR USE**

Shake well. Remove protective cap. Hold can 18 to 24 inches from animal when spraying. Apply in sweeping motion from front of animal to rear, paying particular attention to legs. Use daily, or as necessary to accomplish control.

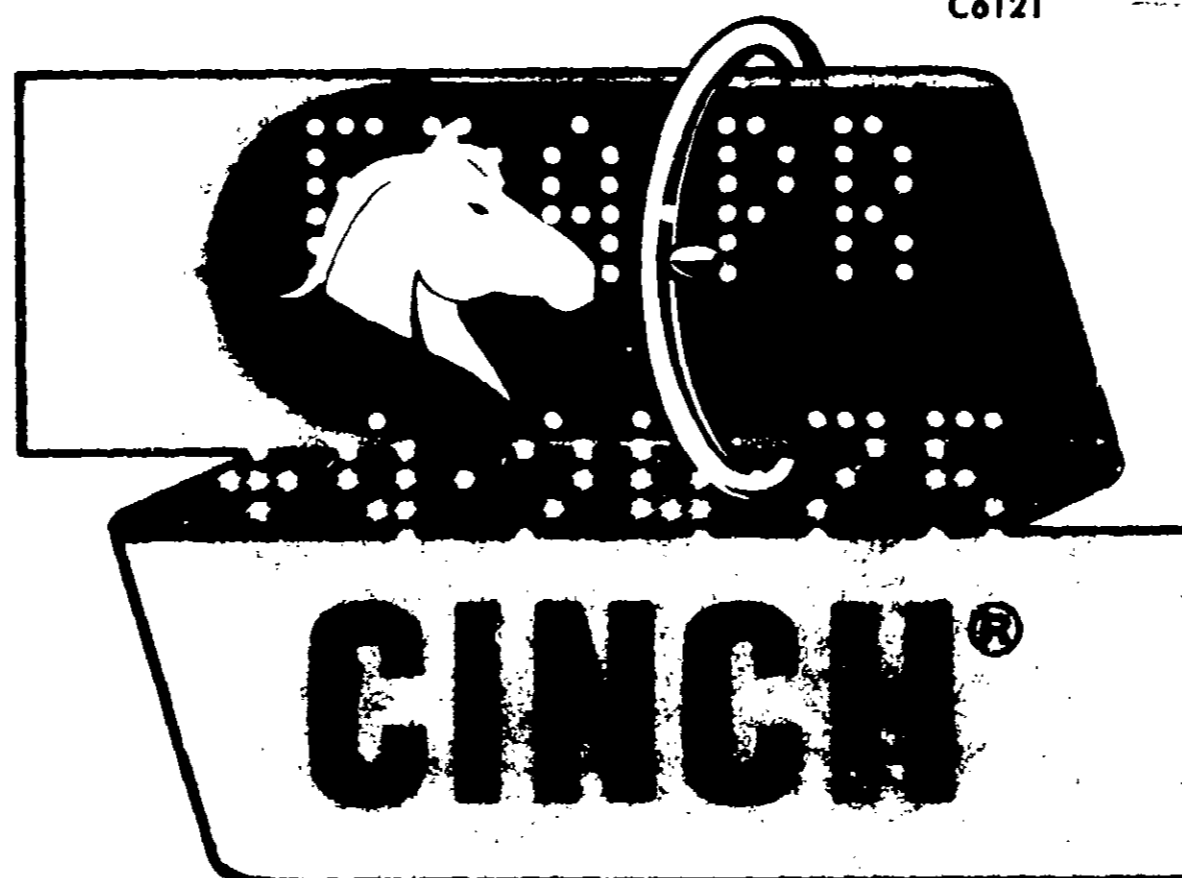

For animals that might be frightened by hissing sound of spraying, apply spray to cloth or sponge and apply lightly with wiping action.

**FOR FACE FLIES:** Spray animal's head and neck, using just enough spray to slightly dampen the tips of hair. Repeat daily, or as necessary.

**FOR USE IN BARN OR STABLES:** Close all windows and doors. Fill the area with a mist. Keep doors and windows closed for about 15 minutes. Do not remain in treated areas. Ventilate the area after treatment is completed.
