

C3431

Flies

Maggots

Ticks

Spray infested areas thoroughly, using a 0.5% solution at the rate of approximately 25 gallons per acre. Spray along foot paths and roadsides leading to such areas.

Handle with care. Avoid breathing dust. Do not get in eyes, on skin or clothing. If material gets into the eyes, wash with plenty of water for 5 minutes. Irritation persists, consult physician. Wash thoroughly with soap and water after handling and before eating or drinking. Avoid contamination of feed and food. Effluents from barn and open areas should be properly disposed.

Do not get on your face. Keep out of eyes, nose, mouth and ears. Wash hands and face with plenty of water. Avoid contact with children and pets.

Keep out of eyes, nose, mouth and ears. Wash hands and face with plenty of water. Avoid contact with children and pets.

ACCEPTED
OCT 17 1975
Under the Federal Insecticide, Fungicide and Rodenticide Act, this pesticide is registered under EPA Reg. No.

LOUSE-FLY-TICK
