

Jen-Sal

TRITHIONUM

Shampoo

WITH LINDANE
1 Gallon

Active ingredients

Potassium tetrathionate
Lindane (gamma hexachlorocyclopentadiene)

Inert ingredients

Water, Polyethylene Glycol

A medicated shampoo for the treatment of external parasiticide treatment.

Indications: For the treatment of dogs to destroy the external parasites and to relieve the itching and discomfort. Use only after the skin has been treated with a mild antiseptic and non-sterile dermatitis in dogs.

Directions: Apply to the skin with warm water. Apply one-half to two ounces of Trithionum Shampoo with the antiseptic and non-sterile dermatitis in dogs. Rub the shampoo into the skin with the fingers. Rinse with warm water. Repeat the treatment if necessary. Use only after the skin has been treated with a mild antiseptic and non-sterile dermatitis in dogs.

Contraindication: Do not use on cats or on dogs with open wounds.

Caution: Avoid contact with the eyes and ears. Wash thoroughly with water after use. Do not use on the face or neck.

Store in a cool place
