PIONEER BRAND DAIRY AND STOCK SPRAY

Ready to use

Directions

Apply as a mist or fog using a good hand type sprayer or fogger adjusted to a fine mist or fog.

FOR FACE FLIES: For use on milk cows, beef cattle, horses and mules. Spray animal's head, covering forehead, sides of face and muzzle thoroughly with spray mist or fog. Do not use more than 1 oz. on entire animal at any one spraying.

FOR STABLE FLIES, HOUSE FLIES, HORN FLIES, AND MOSQUITOES: Apply as a mist or fog over milk cows before milking time daily for 7 to 10 days. Use no more than 1 oz. per head at morning and evening milkings. Complete coverage is necessary for best possible protection. Treatments can be discontinued until flies reappear on animals. May also be used on beef cattle, horses, mules and hogs.

FOR USE IN ELECTRIC FOGGERS AS A SPACE SPRAY: Fog 2 oz. Pioneer Dairy & Stock Spray per 1,000 sq. ft. before milking in dairy barns. May also be used in horse barns and hog barns. For best results, the treated area should be closed for 10 minutes. Do not apply in areas where animals have received direct application of DDVP within 8 hours.

FOR FLEAS: Spray bedding and stalls where infected animals are housed. Repeat application if necessary.

WARNING

Avoid wetting hides of animals. Do not use over 1 oz. spray over entire animal at any one spraying. Do not contaminate feed, drinking water, milk or milking equipment. Remove milk handling equipment or wash thoroughly before use.

KEEP OUT OF REACH OF CHILDREN. If swallowed, induce vomiting immediately and get medical attention. Atropine is antidotal. May be fatal if swallowed, inhaled, or absorbed through the skin. Wash thoroughly with soap and water after handling and before eating or smoking.

Do not contaminate water, foodstuffs or feed.

Combustible. Flash point 125°F. DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

Do not reuse empty container. Wash thoroughly with water and detergent. Discard in a safe place.

Non Warranty

Bartels and Shores warrants that this insecticide conforms to the chemical description on its label. When used in accordance with label directions under normal conditions, this insecticide is reasonably fit for its intended purposes. Since methods of application, mixture with other chemicals and other factors affecting the use of this product are beyond our control, no warranty is given concerning the use of this product contrary to label directions or under conditions which are abnormal or not reasonably foreseeable. The user assumes all risks of any such use.
