DIRECTIONS FOR USE

Pioneer Brand Sod Webworm Spray is offered especially for the control of the Lawn Sod Webworms found in Blue Grass Turf. Read directions carefully before using. Sod Webworms (Lawn Moths) and Armyworms in Blue Grass lawns: Use 8 oz. of Pioneer Sod Webworm Spray to cover 1,000 sq. ft. of lawn area. NOTE: For heavy soils or thick matted lawns, use 10 oz. Pioneer Sod Webworm Spray per 1,000 sq. ft.

For use in hose-end lawn sprayer (15 gal. capacity) place 8 oz. (16 lbs.) in quart sprayer jar. Finish filling jar with water. Apply evenly to 1,000 sq. ft. For use in garden pressure sprayer, mix 2 oz. in 3 gal. water and apply to 250 sq. ft. Immediately after application, water lawn thoroughly. Do not allow children or pets on treated area until insecticide has been washed off grass into the soil and grass is dry.

Non-Warranty: Bartels and Shores warrants that this insecticide conforms to the chemical description on its label. When used in accordance with label directions under normal conditions, this insecticide is reasonably fit for its intended purpose. Since timing methods of application, weather plant and soil conditions, mixture with other chemicals and other factors affecting the use of this product are beyond our control, no warranty is given concerning the use of this product contrary to label directions or under conditions which are abnormal or not reasonably foreseeable. The user assumes all risks of any such use.
