BACK PANEL

DIRECTIONS FOR USE:

Remove cap, hold container upright and depress button. Do not spray in inverted position. Keep container six inches to one foot from animal. Keep out of pet's eyes.

To control fleas, lice and ticks, spray directly on animals. Rubbing against fur, spray so that mist penetrates to skin. Spray until animal is slightly wetted by spray. Spray more heavily where ticks are a problem, attempting to spray ticks until wet wherever possible.

To control fleas and ticks in sleeping quarters mist area thoroughly, being certain mist penetrates bedding, and all cracks and crevices. Repeat once per week if necessary.

CAUTION:

Do not spray food or feedstuffs. Do not store over 120°F. Do not puncture or incinerate container. Avoid prolonged contact with skin. Avoid prolonged inhalation of mist. Wash thoroughly after using. KEEP OUT OF REACH OF CHILDREN. Keep at room temperature.
