U.S. ENVIRONMENTAL PROTECTION AGENCY
OFFICE OF PESTICIDES PROGRAMS
REGISTRATION DIVISION
WASHINGTON, D.C. 20460

NOTICE OF REGISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

EPA REGISTRATION NUMBER

419-178

DATE OF ISSUANCE

October 24, 1973

NAME OF PESTICIDE PRODUCT

CENOL KILL-QUICK

NAME AND ADDRESS OF REGISTRANT

CENOL COMPANY, INC.
3240 West Chicago Avenue
Chicago, Illinois 60651

NOTE: Changes in labeling or formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of the information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this registration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The following paragraphs are applicable only when checked:

- The registration for this product is being issued with the understanding that certain defects in the labeling which are noted below will be corrected as soon as possible. Objection is not raised to the use of the present labeling for a reasonable period of time while fully corrected labeling is being prepared. Three copies of the corrected labeling must be submitted.
- The designation "EPA Reg. No. 419-178" is sufficient. Delete the reference to "Environmental Protection Agency" at the next printing.

SBP-1382

KILL QUICK

Powerful New Synthetic Pyrethroid
Specially Formulated for

**ELECTRIC, PROPANE,
GAS POWERED
THERMO-FOGGERS**

Manufactured by:

Cenol COMPANY
 DIVISION OF
 BURGESS VIBROCRAFTERS, INC.
 Grayslake, Illinois 60030

(419-178)

DIRECTIONS

This formulation is to be used undiluted in only such portable thermal applicator equipment that can deliver spray particle sizes within the aerosol size range.

INDOORS — Shut off ventilating systems, air ducts, air-conditioning equipment and close off room or area to be treated. Extinguish all flames and pilot lights.

Apply dry fog at the rate of 1 1/3 fluid ounces per 1,000 cu. ft. of space. Direct nozzle of thermal applicator toward the upper corners of the room and along the ceiling. Close off room for at least one half hour. Do not remain in treated areas. Ventilate the area after treatment is completed.

OUTDOORS — For small area applications. Hold thermal applicator at least five feet from any object, especially plants and shrubbery. Avoid wetting of foliage. Apply undiluted at the rate of 3 3/4 gallons per acre. Fog only when there is no breeze, or the wind velocity is less than 3 miles per hour. The ideal time is generally at dusk when the wind dies down and the air temperature and ground temperature are approximately the same. Under these conditions the fog will linger in the treated area for a longer time. Apply fog while moving away from treated area. Avoid inhalation of the fog. Do not enter the treated area until the fog has dissipated. Repeat application as necessary.

FOR PATIOS, YARDS, PICNIC AREAS, POOLS, HORSE STABLES, WAREHOUSES, DRIVE-IN, RESTAURANTS, CAMPSITES.

CAUTION

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid exposing babies and small children to the fog. If illness results from exposure call a physician at once.

Do not use, pour, spill or store containers near heat or an open flame. Keep container closed and store at room temperatures above 32°F. This formulation is combustible.

Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. Do not apply while food processing plant is occupied and in operation.

Remove pets, birds and cover fish aquariums before spraying.

This product is toxic to fish and birds. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment, or disposal of wastes. Do not apply when weather conditions favor drift from areas treated. Apply this product only as specified on this label.

Do not re-use container. Crush used container and bury in non-cropland soil away from water.
