**DIRECTIONS FOR USE**  
**ROACHES, ANTS, WATERBUGS, SILVERFISH, SPIDERS, FIREBRATS, CRICKETS:** Spray until wet, surfaces behind and beneath cabinets, refrigerators, sinks, stoves, and trails and other localized areas infested with insects. Spray window and door frames, where ants enter. Repeat as necessary.

**CARPET BEETLES** — Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets, where insects may be found. Treat crevices, cracks, and infested areas of shelving in closets. Repeat as necessary.

**BROWN DOG TICKS** — Spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of pets and localized areas of floors and floor coverings. Repeat as necessary. Bedding should be replaced in animal quarters after treatment. Do not treat animals.

**FLIES, MOSQUITOES, WASPS AND FLYING MOTHS—Outdoors** — For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages and other places where these insects alight or congregate.

**CHIGGERS, ANTS, BROWN DOG TICKS AND CLOVER MITES—Outdoors** — For treatment of localized infestations of insects in outdoor areas, where there is no vegetation used for food or feed spray infested areas. For ants, wet hills and runways. Repeat as necessary.
