 REREGISTRATION
(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

Conor Liquid Whitefly &
Mealy Bug Insecticide

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Conor Corp.
P.O. Box 100
1000 10th St.
Cincinnati, OH 45201

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

1. The registrant is conditionally registered in accordance with FIFRA sec. (c)(1)(B) and is required to:

2. Place the phrase "EPA Registration No. 419-20f" to your label before shipping the product for shipment.

3. Submit to EPA three copies of your final printed label and to one you will use for shipment.

4. If the conditions are not complied with, the registrant will be suspended in accordance with FIFRA sec. (c)(1). Your release for shipment of the product constitutes acceptance of these conditions.

5. This copy of the label is enclosed for your records.

CAUTION

Avoid contact with eyes, skin or clothing. Harmful if swallowed. Cover or remove exposed foods. Avoid contamination of cooking utensils and food preparation surfaces. Remove pets, birds and cover fish aquariums before spraying. Do not use on edible crops.

FIRST AID:

In case of contact, immediately flush eyes and skin with plenty of water for at least 15 minutes. Get medical attention if irritation persists. If swallowed, do not induce vomiting. Call a physician at once.

ENVIRONMENTAL HAZARDS:

Keep out of lakes, streams, or ponds. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not store near heat or open flame.
Do not reuse empty container. Wrap container and put in trash collection.

OUTDOORS AND INDOORS FOR ORNAMENTAL PLANTS - To kill aphids, climbing cutworms, Japanese beetles, Leafhopper nymphs, red spider mites, thrips and whiteflies on certain ornamentals such as roses, gladiola, azalea, chrysanthemum, and on house plants: Spray shrubs, bushes and grassy areas while moving away from area. Spray with the breeze, allowing mist to drift into shrubbery and other places. As an area spray, mist porches, patios, picnic areas. Repeat as necessary. Avoid letting a light spray kills bugs effectively. Spray plants in short bursts only and when the temperature is below 90°F. Repeat as necessary in 7 day intervals. Use caution on young plants and new growth. Do not spray on food crops.

INDOORS: To kill flies, mosquitoes, gnats, flying moths (millers), fruit flies - Close all doors and windows. Keep sprayer 2 feet from indoor surfaces. Pointing sprayer upward, fill room with mist. Leave treated area closed at least 15 minutes. Ventilate room when treatment is completed.

To kill cockroaches, waterbugs, spiders, ants - spray directly on insects when possible. Spray thoroughly baseboards, cracks, crevices, and in back of and under appliances, sinks, and cupboards where these pests have harborages. For spiders- spray directly on these pests and use repeated applications to the webbing and all cracks and crevices which harbor spiders. To kill ants - Spray doors, around window frames, ant trails and hills.
