DIRECTIONS FOR USE

JUN 3 1968

BATHROOMS:

After cleaning fixtures, spray GLYCOL DISINFECTANT DEODORANT SPRAY on toilet bowl, seat, lavatory, tub or shower stall. GLYCOL DISINFECTANT DEODORANT SPRAY is powerful and destroys many bacteria on surfaces dampened with the spray.

KITCHENS:

Spray garbage receptacles periodically with GLYCOL DISINFECTANT DEODORANT SPRAY to eliminate odors. Spray cupboards, closets, refrigerators, storage lockers, etc. regularly to keep fresh and sweet odored.

HOUSEHOLD CLEANING:

In house cleaning, a small amount of GLYCOL DISINFECTANT DEODORANT SPRAY sprayed on rugs, draperies, etc., will remove stale or musty odors and leave premises fresh and sweet-scented.

DEODORIZING:

Spray GLYCOL DISINFECTANT DEODORANT SPRAY into the atmosphere to remove obnoxious odors such as stale smoke, cooking odors, etc. Use it often to keep your home clean and sanitary.
