

**Contains  
DIAZINON**

**USE A WET SPRAY  
DO NOT SPRAY IN  
GENERAL  
ATMOSPHERE**

ACTIVE INGREDIENTS 100%

Petroleum Distillate  
Aromatic Petroleum Solvent  
Diethyl Phosphate  
Diethyl Phosphate  
Pyrethrins I and II

\* Consists of (Butylarbutyl)-n-Propylpiperonyl ether and related compounds

**Roaches, Ants, Flies, Mosquitoes, Fleas (outdoors), Wasps,  
Brown Dog Ticks, Silverfish, Spiders, Crickets, Flying Moths.**

**CAUTION: KEEP OUT OF REACH OF CHILDREN**

**FOLLOW DIRECTIONS CAREFULLY FOR BEST RESULTS**

Can be used for almost any industrial or household spray purposes. It has no objectional odor. Some discoloration may result on surfaces covered with certain types of wall surfaces or water base paints. Apply first to small area as a test to avoid discoloration.

Load the sprayer with this insecticide and spray directly into insect hiding places. Keep all openings closed until the mist has disappeared. Sweep up and remove dead insects. Deposit coat of insecticide on surfaces for residual action.

**DO NOT USE, POUR, SPILL OR STORE  
NEAR HEAT OR OPEN FLAME.**

**CAUTION: Harmful if swallowed. Keep out of reach of children. Avoid breathing of spray mist and skin contact; wash thoroughly after using. Do not use on household pets or humans.**

**Do not allow children in treated areas until surfaces are dry.**

**Do not use in edible products, areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.**

**ROACHES, ANTS, WATERBUGS, FLIES, CRICKETS, SPIDERS, CRICKETS** Spray into all cracks, around baseboards in places where insects hide. Spray behind following until wet: cabinets, drawers, sinks, stoves, etc. Spray other infested areas as well as these pests. Repeat application as often as required.

**FLEA, MOSQUITO, WASPS AND FLYING MOTHS OUTDOORS** For outdoor use, aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames, or wherever these insects can enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects might congregate.

**FLEAS, ANTS AND BROWN DOG TICKS OUTDOORS** For treatment of localized infestation of these insects in outdoor areas where there is no vegetation, spray infested areas thoroughly for ants, fleas, ticks and runways. Repeat applications as infestations warrant and as re-infestation occurs.

**BROWN DOG TICKS** Spray areas around baseboards, window and door frames, wall cracks, sleeping quarters of household pets and localized areas of floors and floor coverings. Repeat applications as infestation warrant and as infestation occur. Fresh bedding should be placed in animal quarters after treatment.

**Do not spray animals with this insecticide.**
