Pyrethrins I and II	0.052%

INERT INGREDIENTS: 30%

*Consist. of (Butylarbutyl) (6-Propylpiperonyl) ether and related compounds.

Roaches, Ants, Flies, Mosquitoes, Fleas, (outdoors), Waterbugs, Wasps, Brown Dog Ticks, Silverfish, Spiders, Crickets, Chiggers, Flying Moths, Carpet Beetles.

NET CONTENTS - 12 ounces

ROACHES, ANTS, WATERBUGS, SILVERFISH, SPIDERS, CRICKETS: Spray heavily into all cracks, around baseboards and other places where insects hide. Spray surfaces behind cabinets, refrigerators, sinks, stoves, etc. until wet. Spray other localized areas infested with these pests. Repeat treatment as often as required.

CARPET BEETLES: Make localized application to areas of the floor and baseboards where insects are observed. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks or closets and infested areas of shavings. Repeat as often as necessary.

FLIES, MOSQUITOES, WASPS AND FLYING MOTHS OUTDOORS: For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, window frames, or wherever these insects may enter the room. Also treat surfaces around light fixtures on porches, in garages, and other places where these insects alight or congregate.

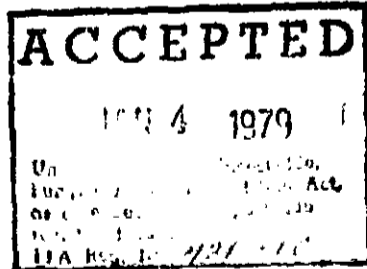

FLEAS, CHIGGERS, ANTS and BROWN DOG TICKS OUTDOORS: For treatment of localized infestation of these insects in outdoor areas where there is no vegetation, spray infested areas thoroughly. For ants, thoroughly wet hills and runways. Repeat applications as infestations warrant and as re-infestation occurs.

Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed, do not use in serving areas while food is exposed.

This product is toxic to fish, birds and other wildlife. Keep out of lakes, ponds or streams. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.
