## For Porcelain and Metal ODORLESS

RUST AND SCALE REMOVER  
WITH SANITIZING ACTION

NET CONTENTS:

For removing scale, rust, calcium deposits and other discolorations from Bath Tubs, Wash Basins, Shower Stalls, Drinking Fountains, Stainless Steel, Toilet Bowls, Urinals and other surfaces.

FOR CLEANING AND SANITIZING URINALS: Flush urinal, apply cleaner to swab and rub away discoloration and stains. Pour one or two ounces into urinal and allow to stand several minutes to remove odor in trap.

DANGER: Harmful if swallowed. Causes eye and skin irritation. In case of contact with eyes, flush with plenty of water for at least 15 minutes. For eyes, get medical attention.

ANTIDOTE: Internal—Drink teaspoonful magnesia, chalk, whiting or wall plaster, or small pieces of soap softened in milk or raw egg whites. External—wipe off gently, immediately flood surface with water using soap freely then cover with moist baking soda or magnesia.

RINSE EMPTY CONTAINER THOROUGHLY WITH WATER AND DISCARD IT.

**DIRECTIONS:**

**FOR SANITIZING TOILET CLOSET BOWLS:** Pour 4 oz. fluid onto a bowl mop or brush over the bowl. Rub bowl until discolorations and lime deposits are removed. If bowl is badly discolored repeat the above, and allow to remain in contact for about 5 minutes before flushing. Rub well under the rim of the bowl.

**FOR CLEANING THE INVISIBLE TRAP OR OUTLET IN BOWLS:** Pour fluid into the bowl, leave it there for several hours, or better overnight. The insoluble incrustation that has accumulated in the trap will be removed. To assure clean traps and bowls, this should be done at least once a week.

**POISON**  
CONTAINS HYDROCHLORIC ACID  
**DANGER:**

May be fatal or harmful if swallowed. Produces chemical burns. Do not breathe vapor or fumes. Do not get in eyes, on skin or on clothing.

**ANTIDOTE:** If swallowed, call a physician immediately. Drink a teaspoonful or more of milk of magnesia or a cup of soapy water followed with milk or raw egg whites. Eye contact—wash with water for 15 minutes. Get prompt medical attention.

**SKIN CONTACT:** Wipe off the acid gently, immediately flood surface with water, using soap freely, then cover with moist magnesia or baking soda.
