## QUINT-A-CIDE PINE OIL DISINFECTANT

Active Ingredients	
Steam Distilled Pine Oil	80.0%
Anhydrous Soap	10.0%
Inert Ingredient (Water)	10.0%
	<u>100.0%</u>
Phenol Coef. 5 A.O.A.C.	

### DIRECTIONS

For the sick room, all utensils, such as bedpans, etc., wash with a solution of two ounces disinfectant in one gallon, or one tablespoonful per quart of water.

For floors, when mopping or scrubbing, use three ounces disinfectant in one gallon, or one and one-half tablespoonful per quart of water.

For water closets and urinals, use four ounces disinfectant in one gallon, or two tablespoonfuls per quart of water. Apply freely to all surfaces to be disinfected and flush drain pipes with the solution.

QUINT-A-CIDE is made with pure steam distilled pine oil and contains no synthetics.

Harmful if taken internally.

USDA Reg. No. 425-3

### CAUTION

**KEEP OUT OF REACH OF CHILDREN.**
