NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA Sec. 3(c)(7)(A) provided that you:

- Submit and/or cite all data required for registration herein for your product under FIFRA Sec. 3(c)(5) when the Agency requires the registrants of similar products to submit such data.
- Make the labeling changes listed below before you release the product for shipment:
  - Add the phrase "EPA Registration No. 430-55."
  - In the "Disposal" statement give instructions for disposal of gallon and five gallon containers. The following wording is acceptable: "Triple rinse (or equivalent). Then allow to drain for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities."
  - Add the statement "Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility."
- Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-29 measure for a further description of final printed labeling.

 in EPA Letter D-85-1

NOV 27 1985

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, this product is registered under EPA Reg. No.

430-55

BATCH \_\_\_\_\_

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Pyrenone Stabilene Horse Insecticide has been especially developed for use on horses. It provides a protective hair coating against flies while imparting a high sheen to the hair when brushed out. 1-2 ounces per head per day gives adequate protection. Apply by either soft cloth or fine mist spray.

USE TO WIPE ON:

First, brush animal to remove excess dirt and dust. Moisten (but do not wet to the point of dripping) a soft cloth and rub over the hair. It is best to apply by rubbing against the hair growth. Give special attention to the legs, shoulders, shanks, neck and facial areas where flies most often are seen.

Only a light application is required. Avoid using an excessive amount on your horses. Do not wet skin.

After application, brush out thoroughly to bring out bright sheen on the coat.

Repeat daily or as required.

USE AS A SPRAY:

Pyrenone Stabilene Horse Insecticide may be applied as a fine mist spray to stable area and over and around stabled horses for fast paralysis and kill of flies. Do not wet horse's skin or exceed two ounces per application.

NET CONTENTS \_\_\_\_\_
