Agrevo Environmental Health  
95 Chestnut Ridge Road  
Montvale, NJ 07645

Attention: Ms. Christina Lawes

Subject: Rotenone Crystalline  
EPA Registration No. 432-46  
Your amended application of January 19, 1995

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable provided that you:

1. Your current Confidential Statement of Formula (CSF) dated April 6, 1992, contains erroneous information. The meaning of the word "source" on a CSF means a material that is diluted or repacked, but not altered chemically, to make the registered product. If altered chemically, the material is considered a "manufacturing source." The registration number currently listed as your "source" is actually a "manufacturing source" and must be deleted. However, it would be acceptable to include this registration number in your CSF in your paragraph explaining how you manufacture Rotenone Crystalline.
2. The current name of the registrant, Agrevo Environmental Health, must appear on the label.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

Under the Federal Insecticide,  
 Fungicide, and Rodenticide Act  
 as amended, this pesticide  
 registered under EPA Reg. No.

432-46

### PRECAUTIONARY STATEMENT

#### Hazards To Humans & Domestic Animals

##### CAUTION

Avoid inhalation. Harmful if swallowed, inhaled, or absorbed through skin. Avoid contact with skin. Wear clean clothing.

#### Environmental Hazards

This pesticide is extremely toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner that is inconsistent with its labeling.

#### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Storage: Store in a dry place away from excessive temperature extremes.

**Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**Container Disposal:** Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. If drum is contaminated and cannot be reused, dispose of in the same manner.

This product is intended for formulation use only. The formulator using this concentrate is fully responsible for obtaining EPA registration for his formulated products.

Only for formulation into an insecticide, or piscicide, for the following uses; aquatic non-crop; domestic pets;

#### WARRANTY STATEMENT

Our recommendations for use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, no guarantee, expressed or implied, is made as to the effects of such or the results to be obtained if not used in accordance with the directions or established safe practice. The buyer must assume all responsibility including injury or damage resulting from its misuse as such, or in combination with other materials.
