2. Terrestrial Nonfood:

- Christmas Trees (container & field-grown)
- Chrysanthemums
- Conifers (container & field-grown)
- Ornamentals / Nursery Stock (field-grown)
- Pine Seed Orchards
- Roses (field-grown & greenhouse)

3. Domestic Farm Animals:

- Cattle
- Horses
- Hogs
- Poultry

4. Agricultural Premise

5. Companion Animals

6. General Outdoor Insect Control

7. General Indoor Insect Control

Food/Feed Handling Establishments: Places other than private residences in which food/feed is held, processed, prepared or served.

Nonfood/feed Areas: May be used to manufacture end-use products for use as a general spot or crack and crevice treatment in nonfood/feed areas. Similar areas where insects hide or through which insects may enter can be treated. Examples of nonfood/feed areas include garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Food/Feed Areas: May not be used to manufacture products for use in food/feed areas. Do not use in food areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where foods may be prepared or held. IN the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed. Examples of food areas are areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups). Serving areas (when food is exposed and facility is in operation) also would be considered a food area.

8. Fiber Product Protection

NOTE: Not for use to formulate products to be used in warehouses where raw or cured tobacco is stored or while raw agricultural commodities for food or feed are stored, or in greenhouses where crops for food or feed are grown.

**STORAGE & DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**Storage:** Keep container closed when not in use. Do not store near food or feed. Protect from freezing. IN case of spill or leak on floor or paved surfaces, soak up with sand, earth or synthetic absorbent. Remove to chemical waste area.

**Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**Container Disposal:** Triple rinse (or equivalent). then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.

**WARRANTY STATEMENT**

Our recommendations for use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, no guarantee, express or implied is made as to the effects of such or the results to be obtained if not used in accordance with directions or established safe practice. the buyer must assume all responsibilities, including injury or damage, resulting from its misuse as such, or in combination with other materials.
