	<hr/> 100.00%

\*Sulfoxide

## CAUTION: KEEP OUT OF REACH OF CHILDREN.

Harmful if swallowed. Use this product as a space spray in food processing plants only when plant is not in operation. Foods should be removed or covered during treatment. All food processing surfaces should be covered or thoroughly cleaned before using. Vacate premises before treating with this product and ventilate thoroughly before reentry. **DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.**

### DIRECTIONS FOR USE

**For a Grade AA Fly Spray:** Dilute with 19 parts petroleum distillate. Close all doors and windows and thoroughly spray all parts of the room, particularly toward the ceiling, filling the room with a fine mist. Leave room closed for 10 to 15 minutes after spraying.

**For a Roach Spray:** Dilute with 9 parts petroleum distillate. Treat cracks and crevices in wood work, dark places behind pipes, and all places which roaches infest, hitting as many insects as possible. Repeat treatment whenever reinfestation occurs.
