CAUTION: KEEP OUT OF REACH OF CHILDREN.

Harmful if swallowed. Avoid contamination of foodstuffs, food handling equipment and utensils. Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using the product in these areas, apply only when plant is not in operation. Do not remain in treated areas and ventilate the area after treatment if completed. Do not use or store near heat or open flame.

DIRECTIONS FOR USE

For a Grade AA Fly Spray: Dilute with 99 parts petroleum distillate. Close all doors and windows and thoroughly spray all parts of the room, particularly toward the ceiling, filling the room with a fine mist. Leave room closed for 10 to 15 minutes after spraying.

For a Roach Spray: Dilute with 39 parts petroleum distillate. Treat cracks and crevices in wood work, dark places behind pipes, and all places which roaches infest, hitting as many insects as possible. Repeat treatment whenever reinfestation occurs.
