

AUG 9 1993

Mr. Joseph A. Conti
Roussel Bio Corporation
95 Chestnut Ridge Road
Montvale, NJ 07645

Dear Mr. Conti:

Subject: Revised Labeling: Response to Agency's letter of
6/8/93
SBP-1382 Aerosol Insecticide 0.35%
EPA Reg. No. 432-453
Submission dated June 22, 1993

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. A stamped copy is enclosed for your record. One copy of the finished labeling must be submitted prior to releasing the product for shipment.

1) Delete the term "related compounds" from the label ingredients declaration. Unless otherwise substantiated, these isomers should be considered inert. If the "related compounds" are determined to be active, they should be incorporated in the declaration for the active ingredient and not distinguished as "related compounds" or "other isomers".

2) The label statement, "All food processing surfaces should be covered before treatment. . .using." should be modified to read: "All food processing surfaces should be thoroughly cleaned with an effective cleaning compound followed by a potable water rinse before using."

Sincerely,

Rb

Rita Kumar
Acting Product Manager 10
Insecticide-Rodenticide Branch
Registration Division (H7505C)

ENVIRONMENTAL HAZARD

Keep out of lakes, ponds or streams. Do not contaminate water bodies. When used on ships, do not wash or flush freshly sprayed areas. Contents under pressure. Do not puncture or incinerate container. Avoid exposure to temperatures above 130°F may cause bursting.

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

SEE SIDE PANEL FOR ADDITIONAL
PRECAUTIONARY STATEMENTS

Do not contaminate water, food or feed by storage or disposal. Do not store near heat or open flame. **CONTAINER DISPOSAL:** Upon emptying can (no spray dispenser) disposed of with other recyclables with care.

DIRECTIONS FOR USE

Only for use in non-residential food handling areas. It is a violation of Federal law to use this product in a manner that is inconsistent with the label. Food should be removed or carefully covered before treatment. Cover or remove all dishes, plates and other objects. Remove protective cap. Aim spray opening away from person. **FOR HOUSE FLIES, MOSQUITOES AND GNATS:** Close all doors and windows. Spray the room with mist, then leave the treated area. Keep the room ventilated when treatment is completed. **WASPS:** Application should be made in late evening when insects are in their breeding places, contacting as many insects as possible. Repeat treatment as necessary.
