

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Dust at the rate of 10 to 20 pounds per acre or 2 oz. to each 50 feet of row in the garden. On flowers and shrubs dust the entire plant thoroughly. Repeat applications as necessary for effective control. When insect infestation is heavy applications are usually necessary at weekly intervals. To control Mexican Bean Beetles, direct the material to the underside of the leaves. NOTE: This product can be applied to vegetables up to within 1 day of harvest.
