PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS CAUTION

Harmful if swallowed. Food should be removed or covered during treatment. Food processing facilities should be covered during treatment or thoroughly cleaned before use. Do not use the product in these areas until they have been thoroughly cleaned. Do not feed animals before spraying. Do not breathe spray mist. Wear mask or respirator of a type recommended by the U.S. Bureau of Mines to give adequate protection against this material. Wash face, hands and clothing with soap and water after handling and before eating or smoking. Wash a contaminated shirt with soap and water before reuse.

STATEMENT OF PRAGMATIC TREATMENT
If swallowed, do not induce vomiting. This product contains an irritant petroleum solvent. Aspirin should not be used. Call a physician at once for medical attention. Flush with plenty of water for at least 15 minutes. Get medical attention if symptoms persist.

PHYSICAL AND CHEMICAL HAZARDS:
Do not use or store near heat or open flame. FLASH POINT: MINIMUM 150°F (65.5°C).

ENVIRONMENTAL HAZARDS:

This product should not be applied to water. Do not use in areas where it may be carried by wind to water. Do not apply in conditions favorable to fish or other aquatic life. Do not contaminate water in cleaning of equipment or disposal of excess material. This product may be harmful to some aquatic life.

NOTE: This spray is not for use on food crops and should not be applied to food crops and caution given in the label. Do not use with Food Additive Regulations 121.1074, 121.1075 and 121.1076 and the food additive tolerance established thereunder.

When diluted with water, it is not to be used for use as an insecticide. Do not use for contact spray. This spray should be used only for the control of insects and not for control of rodents and other pests.

DIRECTIONS FOR USE

in accordance with Federal law to use in a manner consistent with its labeling.

This Concentrate is designed for use in mechanical sprayers which give particle size of aerosol size such as the LECO Mini-ULV or the Micro Generator. It can be diluted with refined kerosenes which meet Food Additive Regulation 152 and can be applied in fogging equipment that gives larger than aerosol particle size such as the Micro Generator or other machines. It can also be diluted with water to spray and used as a contact spray for household insects shown listed on this label.

SPACE SPRAY: Undiluted in Aerosol Generators To Kill Houseflies, Mosquitoes, Small Flying Moths and Gnats. Cover or remove food and food handling surfaces. Close room and shut off air conditioning or ventilation equipment. Apply at the rate of 1 ounce (29.574 ml) of undiluted Concentrate per 1000 cu ft (28.3 cu m) of space. Direct output from generator upward toward upper corners of room and ceiling. Leave room closed for 1-2 hours. Ventilate room thoroughly before re-entry.

SPACE SPRAY: Undiluted in Mechanical Fogging Equipment To Kill Houseflies, Mosquitoes, Small Flying Moths and Gnats. Cover or remove food and food handling surfaces. Close room and shut off air conditioning or ventilation equipment. Dilute Concentrate with water at the rate of 1 part Concentrate plus 29 parts of water and mix well. Apply at the rate of 20 fl. oz. (568 ml) per 1000 cu ft (28.3 cu m) of space. Direct fog upward toward upper corners of room and ceiling. Leave room closed for 1-2 hours. Ventilate room thoroughly before re-entry.

CONTACT SPACE SPRAY: Undiluted for Use with Sprayers that give Large, Wetting Spray Particles to Kill Cockroaches and Accessible Stages of German, Brown Banded, and Smoky Brown Bed Bugs, Rice Weevils, Confused Flour Beetles, Flour Beetles, Meal Moth Larvae and Adults, Cassidids, Grain Weevils and Saw-Toothed Grain Beetles. Cover or remove food and food handling surfaces. Apply at the rate of 1 part Concentrate plus 29 parts of water and mix well. Spray onto bed, walls, and other surfaces. Direct output from generator upward toward upper corners of room and ceiling. Leave room closed for 1-2 hours. Ventilate room thoroughly before re-entry.

CONTACT AND SPACE SPRAY: Undiluted for Use with Sprayers that give Large, Wetting Spray Particles to Kill Cockroaches and Accessible Stages of German, Brown Banded, and Smoky Brown Bed Bugs, Rice Weevils, Confused Flour Beetles, Flour Beetles, Meal Moth Larvae and Adults, Cassidids, Grain Weevils and Saw-Toothed Grain Beetles. Cover or remove food and food handling surfaces. Apply at the rate of 1 part Concentrate plus 29 parts of water and mix well. Spray onto bed, walls, and other surfaces. Direct output from generator upward toward upper corners of room and ceiling. Leave room closed for 1-2 hours. Ventilate room thoroughly before re-entry.
