PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

Harmful if inhaled. Avoid breathing vapors or spray mist. Avoid contact with skin, eyes or clothing. In case of expected prolonged exposure, wear natural rubber gloves, protective clothing and goggles. Do not use as a space spray. Provide adequate ventilation of area being treated. Do not apply to animals or humans. Do not use on food crops. Do not use in animal barns or poultry houses for fly control. In food handling areas, application is limited to crack and crevice treatment. Do not apply directly to food or feedstuffs. In commercial food handling facilities, cover or remove any food or food processing equipment during application. Do not apply while food processing is underway. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Do not allow children or pets to contact treated surfaces until spray has dried. Remove pets and cover fish bowls/tanks before spraying.

STATEMENT OF PRACTICAL TREATMENT

If swallowed: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to unconscious person.

If in eyes: Flush with plenty of water. Get medical attention if irritation persists.

If on skin: Wash with soap and water. Get medical attention if irritation persists.

Note to Physician: Atropine sulfate is antidotal only if symptoms of cholinesterase inhibition are present.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Do not store this water-based formulation at temperatures below 32°F (0°C).

PESTICIDE DISPOSAL: Pesticide, spray mixture or rinse water that cannot be used according to label instructions must be disposed of according to applicable Federal, State or Local procedures.

CONTAINER DISPOSAL: For containers one gallon and under: Do not reuse empty container. Wrap container and place in trash collection.

For containers over one gallon: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other approved State and Local procedures.

RESTRICTIONS: Since this is a water suspension material, do not apply to rugs, carpets, draperies, wallpaper, or similar materials that may be stained or watermarked.

DIRECTIONS FOR USE (Continued on reverse side)

DIRECTIONS FOR USE (Continued)

EPA-432-705

INDOORS: Pest control in and around homes, apartment buildings, stores and warehouses: For residual control of ants, cockroaches, millipedes, silverfish, spiders, waterbugs and to aid in control of saw-toothed grain beetles (exposed stage). Apply as a residual spray, hitting as many insects as possible, to baseboards, window frames, the undersides of shelves and drawers, under sinks and stoves and to other places where insects may hide. Also spray cracks, crevices and surfaces where insects may crawl when they come out of hiding. For ants, spray trails and places where ants enter premises. Repeat as necessary.

Do not spray foodstuffs or house plants. Do not use as a space spray. Provide adequate ventilation of area being treated. Do not allow children to contact treated surfaces until surfaces are completely dry.

Pest control in meat packing and food processing plants, food storage areas, restaurants, and other food handling establishments (places other than private residences in which exposed food is held, processed, prepared or served). For residual control of ants, cockroaches, millipedes, silverfish, spiders, waterbugs, and to aid in control of saw-toothed grain beetles (exposed stage).

NON-FOOD AREAS: Includes garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling). Apply to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter.

FOOD AREAS: Limited to crack and crevice treatment only - Apply a small amount of material as a pin thin stream directly into cracks and crevices such as expansion joints between different elements of construction or between equipment bases and the floor, wall voids, or hollow equipment legs where the insects noted above hide. Do not use this product in conduits, motor housings and electrical switch boxes.

Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS, OTHER THAN AS A CRACK AND CREVICE TREATMENT, ARE NOT PERMITTED.

Spraying unloading docks and outside areas where insects congregate will aid in preventing reinfestations. Good sanitation and proper disposal of wastes is essential in any effective insect control program.

Pest control in animal research facilities: the use of this product in and around research animal quarters for pest control will not induce changes in liver microsomal enzyme activity in these animals.

PESTS OUT-OF-DOORS: DO NOT TREAT OR ALLOW THE SPRAY TO CONTACT PLANTS (LAWNS, FLOWERING PLANTS, SHRUBS, TREES, EVERGREENS, ETC.) BECAUSE OF POSSIBLE INJURY.

OUTDOORS: For residual control of insects around industrial buildings, homes, garbage areas, dumps.

RESIDUAL SPRAY for Ants, Cockroaches, Earwigs, House Flies, Hornets, Millipedes, Mosquitoes, Spiders, Crickets, Clover Mites, Fleas, Scorpions, Sowbugs, Brown Dog Ticks, Wasps and Waterbugs. Apply as a residual spray hitting as many insects as possible or with a paint brush to surface of buildings, porches, screens, window frames, patios, and garages where these insects congregate. For control of wasps and hornets, apply after dark when all of the insects have returned to the nest. Repeat as necessary. Do not treat plants (lawns, flowering plants, shrubs, trees, etc) with this product.

WARRANTY

Our recommendations for use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, no guarantee, expressed or implied, is made as to the effects of such or the results to be obtained if not used in accordance with the directions of established safe practice. The buyer must assume all responsibility including injury or damage resulting from its misuse as such, or in combination with other materials.
