DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

OUTDOOR USE

FIRE ANTS: Mix 1 1/4 fluid ounces of Tralex FA 3.75% EC per one gallon of water. Mix and use at once. Apply as a gentle rain (using a sprinkling can or pump sprayer) thoroughly wetting top of mound and surrounding area to a diameter of 3 feet. Use approximately one pint per 10-12 inch mound. Do not disturb mound before treating. For best results, apply in cool weather or in early morning or late afternoon. Treat new mounds as they appear. Tralex FA 3.75% EC gives quick reduction of stinging fire ants with total mound kill in approximately 5 days. One gallon treats 8-10 mounds. Do not store spray mixture.

EPA Reg. No. 432-768

ACCEPTED

AUG 25 1992

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under 432-768

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS DANGER

Corrosive, causes irreversible eye damage. Harmful if swallowed, inhaled or absorbed through the skin. Wear goggles or face shield and protective gloves during handling and application. Can cause irritation to skin such as burning and tingling. Do not get in eyes, or on skin, or on clothing. Do not breathe vapor. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Hold eyelids open and flush with a gentle stream of water for 15 minutes. Get medical attention immediately.
IF SWALLOWED: Do not induce vomiting. Call a physician or Poison Control Center. Gastric lavage should be supervised by trained personnel because of the possible pulmonary damage via the solvent. Contains petroleum distillates. If possible, bring the container and labeling to attending physician.
IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.
IF INHALED: Remove victim to fresh air. Apply artificial respiration if necessary. Get medical attention.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to fish and other aquatic organisms, including crab and shrimp. Use with care when applying in areas adjacent to any body of water. Do not contaminate water when disposing of equipment waters. Remove pets and cover aquariums and terrariums before spraying.

PHYSICAL HAZARDS

Do not use or store near heat or open flame.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.
STORAGE: Do not store over 100°F or below 10°F.
PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the hazardous waste representative at the nearest EPA Regional Office for guidance.
CONTAINER DISPOSAL:
 Wrap empty container in several layers of newspaper and discard in trash.

WARRANTY STATEMENT

Our recommendations for use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, no guarantee, expressed or implied, is made as to the effects of such or the results to be obtained if not used in accordance with directions or established safe practice. The buyer must assume all responsibilities, including injury or damage, resulting from its misuse as such, or in combination with other materials.
