NET CONTENTS:

PRECAUTIONARY STATEMENTS

Hazards To Humans & Domestic Animals

CAUTION

Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Avoid contamination of food, feedstuffs and domestic water supplies.

Do not use in the food/feed areas of food handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not use in serving areas where food/feed is exposed or facility is in operation.

Not for use in USDA Meat and Poultry Plants.

In the home, all food/feed processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Remove pets, birds and cover fish aquariums before spraying.

Environmental Hazards

This pesticide is toxic to fish and other aquatic organisms. Do not apply directly to water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

CONTAINERS ONE GALLON AND SMALLER: Store in cool, dry area away from heat or open flame. Discard container in trash.

GENERAL INFORMATION

Vikor Ready-To-Use Home Pest Control is a ready-to-use insecticide containing 0.05% by weight active ingredient which will provide effective knockdown and residual control of the pests listed on this label.

Vikor Ready-To-Use Home Pest Control does not damage paints, plastics, fabrics or other surfaces where water alone causes no damage.

Vikor Ready-To-Use Home Pest Control is intended for use in and around residential and nonresidential structures and their immediate surroundings and on various modes of transportation.

One quart and one gallon pump spray containers - turn nozzle to spray position and squeeze trigger pump to spray.

NOTE: Do not permit adults, children or pets to contact treated surfaces until spray has dried completely. Do not apply this product in patient rooms or in any rooms while occupied by the elderly or infirm. Do not apply to classrooms when in use. Do not apply where electrical short circuits could occur.

Spray areas where *Cockroaches, Ants, Clover Mites, Crickets, Silverfish, Firebrats, Centipedes, Millipedes, Clothes Moths, Earwigs, Pillbugs, Sowbugs, Scorpions* and *Spiders* normally inhabit. Pay particular attention to dark corners of rooms and closets; floor drains; cracks and crevices in walls; along and behind baseboards; beneath and behind sinks, stoves, refrigerators, and cabinets; around plumbing and other utility installations, doors, windows and in attics and crawl spaces. Applications may be made to floor surfaces along baseboards and around air ducts. To insure consistent pest control, proper sanitation and prevention of reinfestations are recommended.

PANTRY PESTS: To kill adult and accessible stages of insect pests such as *Lesser Grain Borers*, *Grain Weevils*, *Flour Beetles*, *Saw-toothed Grain Beetles*, *Cigarette Beetles*, *Merchant Grain Beetles*, *Angoumois Grain Moths*, *Mediterranean Flour Moth*, *Indian Meal Moth*, *Grain Mites* And *Spider Mites*. Make application to cupboards, shelving and storage areas. Remove all food stuffs, all utensils, shelf paper and other objects before spraying. Allow all treated surfaces to dry and cover shelves with clean paper prior to replacing food stuffs, utensils or other items. Any food stuff accidentally contaminated with any spray solution should be discarded.

ANTS: (including Pharaoh Ants) Apply to trails, around doors and windows and other areas where ants inhabit or enter premises.

For control of *Carpet Beetles*, thoroughly spray along baseboards and edges of carpeting; under carpeting, rugs and furniture; in closets and on shelving; and wherever else these insects are seen or suspected.

FLEAS AND TICKS (INCLUDING LYME DISEASE VECTORS): A total management program is recommended. It is suggested that infested areas be thoroughly vacuumed prior to treatment. These areas include all carpet, upholstered furniture, baseboards, and other indoor areas frequented by pets. The vacuum cleaner bag should be discarded in an outdoor trash container. Pet bedding should be cleaned or replaced.

Thoroughly apply Vikor Ready-To-Use Home Pest Control to infested areas, such as pet beds, and pet resting areas, nearby cracks and crevices, along and behind baseboards, and other infested habitats. Provide uniform coverage, apply until infested area is moist.

Effective Flea and Tick control includes controlling the source of infestations. This can require treatment of pets with an EPA approved product registered for such use and treating outside areas frequented by pets. Do not treat pets with this product. Do not allow pets to contact treated areas until spray has dried. Remove animal and feed before spraying.

GENERAL PEST CONTROL OUTDOORS

To control *Ants*, *Cockroaches*, *Crickets*, and *Spiders* (contact kill) apply to surfaces of buildings, porches, screens, window frames, eaves, patios, refuse dumps and garages.

To control *Ants* thoroughly wet hills and runways.

To control *Fleas* and *Ticks* (including Lyme Disease vectors, ticks) apply Vikor Ready-To-Use Home Pest Control to areas where fleas and ticks are most likely to be found, such as, but not limited to, dog houses, kennels, runways, cracks and crevices in sidewalks, paths or patios where pests may rest.

FLIES, MIDGES, GNATS, AND MOSQUITOES: (for use as an aid in reducing annoyance from these insects) Spray outside surfaces of doors, screens, window frames, or wherever these insects may enter the room. Also, spray surfaces around light fixtures, on porches, in garages and other places where these insects alight or congregate.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
