95 Chestnut Ridge Road
Montvale, NJ 07645

1605456352
18/1

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA sec. 3(c)(5) or FIFRA sec. 4 when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase, "EPA Registration No. 432-784."
- b. Labeling must bear information regarding where it can be used. Also, from the label and method of application it appears that your product is for use outdoors around residential areas. Therefore, add on front panel, "For Outdoor Residential Use Only" and list sites where your product can be used.
- d. Under Directions for Use add the following: "Not for use in sod farms or on grass grown for seed. Not for use in vegetable gardens."

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

DATE

"This product is extremely toxic to fish and other aquatic organisms. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters."

3. Submit five copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION

Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Avoid contamination of food, feedstuffs and domestic water supplies.

Environmental Hazards

This pesticide is toxic to fish and other aquatic organisms. Do not apply directly to water.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE; Store in cool, dry area away from heat or open flame.

DISPOSAL; Discard container in trash.

General Information:

Saga RTU FA is a ready-to-use insecticide containing 0.05% by weight active ingredient which will provide effective knockdown and residual control of fire ants.

(One quart and one gallon) pump spray containers - turn nozzle to spray position and squeeze trigger pump to spray.

One and five gallon containers without trigger sprayer - pour contents into conventional hand pressurized spray equipment and/or refill the above pump spray containers.

Apply as a gentle rain, thoroughly wetting top of mound and surrounding area to a diameter of 3 feet. Do not disturb mound before treating. Use approximately 1 pint per 10 - 12 inch mound. For best results, apply in cool weather or in early morning or late afternoon. Treat new mounds as they appear. Saga RTU FA gives quick reduction of stinging ants with total mound kill in approximately 5 days. One gallon treats 8 - 10 mounds. Store unused portion in original container.

If you are not completely satisfied with this product, call ###-###-#### ___ to ___ eastern standard time.
