Subject: Label Notification(s) for Pesticide Registration Notices 2007-4  
Updating the Container Disposal Section

Dear Mr. Mattern:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice PRN 2007-4 dated March 23, 2010 for the following product(s):

**Permanone Technical Insecticide II (EPA Reg. No. 432-803)**  
**Deltamethrin 5 SC Concentrate (EPA Reg. No. 432-821)**  
**Pyrenone Stabilene Horse Insecticide (EPA Reg. No. 432-995)**

The Registration Division (RD) has conducted a review of this request for applicability under PRN 2007-4 and finds that the label change(s) requested falls within the scope of PRN 98-10. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact Regina Foushee'-Smith at 703-605-0780.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Gebken".
