Subject: Amendment - Update First Aid Statement
Cislin 714
EPA Reg. No. 432-830
Your submission dated January 7, 2003

Dear Mr. Krygsman:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable, subject to the comments listed below.

1. Place an asterisk above "termites" on the front panel. Place an asterisk in front of the paragraph beginning "The purpose of such applications of Cislin 714..." Add the following sentence to the end of this paragraph "This product is not recommended as sole protection against termites. For active termite infestations, get a professional inspection"

A stamped copy of the label is enclosed for your records. If you have any questions, please call Dr. William Sproat of my team at 703-308-8587.

Sincerely

George T. LaRocca
Product Manager 13
Insecticide Branch
Registration Division (7505C)

KEEP OUT OF REACH OF CHILDREN CAUTION

FIRST AID

IF SWALLOWED: • Call a Poison Control Center or doctor immediately for treatment advice.
• Have person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by the poison control center or doctor.
• Do not give anything by mouth to an unconscious person.

IF ON SKIN: • Take off contaminated clothing.

OR CLOTHING: • Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a poison control center or doctor for treatment advice.

IF IN EYES: • Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Call a poison control center or doctor for treatment advice.

IF INHALED: • Move person to fresh air.
• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
• Call a poison control center or doctor for further treatment advice.

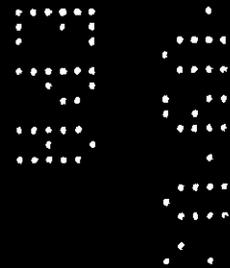

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-334-7577 for emergency medical treatment information.

PRECAUTIONARY STATEMENTS

Hazards To Humans & Domestic Animals

CAUTION

Harmful if inhaled. Avoid breathing vapor or spray mist. Contact with product may result in transient tingling and reddening of the skin. Remove contaminated clothing and wash before reuse.

Environmental Hazards

This product is extremely toxic to fresh water and estuarine fish and invertebrates. Do not apply directly to water, to areas where surface water is present or to intertidal waters below the mean high water mark. Use with care when applying in areas adjacent to any body of water. Do not contaminate water when disposing of equipment wash-water.

This pesticide is highly toxic to bees exposed to direct treatment. Do not apply or allow it to drift to areas where bees are actively foraging.

Personal Protection

Applicators must wear face shield and gloves impervious to the wood treatment solution in all situations where dermal contact is expected. Avoid breathing vapor or mist by using proper respiratory equipment.

Individuals entering treatment vessels and related equipment that are contaminated with the wood treatment solution must wear protective clothing including overalls, jacket, gloves and boots impervious to the wood treatment formulation. OSHA confined space entry procedures must be followed. Protective clothing must be changed when it shows signs of contamination. Applicators must leave protective clothing and work shoes or boots and equipment at the plant.

Applicators must not eat, drink or use tobacco products during those parts of the application process that may expose them to the wood treatment solution. Wash thoroughly after skin contact and before eating, drinking, use of tobacco products, or using the restroom.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Cislin 714 is a concentrated suspension insecticide containing 4.75% by weight active ingredient which will provide residual protection of wood from termite attack.

Dilute Cislin 714 Insecticide in water to produce a 0.0005% to 0.1% solution, depending on expected solution uptake into the wood. Treatment conditions and uptake should produce a 0.0004 to 0.0008 pounds/cubic foot (pcf) retention in the treated wood. This formulation is to be used for application methods given below. Wood treated with this product is only for above ground uses that are continually protected from direct exposure to the weather.

APPLICATION BY BRUSH OR SPRAYING: Wood should be clean, dry and free of bark. Apply two coats liberally by brush, roller or spray to point of runoff. Allow at least one hour between coats. Allow wood to re-dry prior to application.

TANK MIX RECOMMENDATIONS: Cislin 714 can be tank-mixed with other pest control products labeled for wood treatment. When tank-mixing, observe all restrictions and precautions and limitations which

appear on the label of each product. For any tank mixture which has not previously tested, mix the correct proportion of products and water in a quart jar to ensure proper physical compatibility of the mixture.

The purpose of such applications of Cislin 714 is to kill workers or winged forms which may be present at the time of treatment and to impart a temporary resistance at these places from attack which may aid in the prevention of immediate reinfestation. Such applications are not a substitute for mechanical alteration, soil treatment or foundation treatment but merely a supplement.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **Storage:** Avoid extremes in temperature. Mix as needed. Store in original container in secured dry storage area. Prevent cross-contamination with other pesticides and fertilizers. If the container is leaking and/or material is spilled, on floor or paved surfaces, absorb on sawdust or other commercially available absorbing material. Sweep up and remove to chemical waste area for your disposal. Concentrate is stable at normal storage temperatures.

Pesticide Disposal: Wastes resulting from use of this product may be disposed of on site or at an approved waste disposal facility. Unused solutions resulting from pressure and vacuum treatments should be recycled whenever possible by mixing with fresh wood treatment solutions and used in the wood treatment process. When this is not possible, spent solutions must be disposed of as hazardous waste.

Container Disposal for Non-Refillable Container: Triple rinse (or equivalent) then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

Container Disposal for Refillable Containers: Replace the dry disconnect cap if applicable, and seal all openings which have been opened during use. Return the empty container to a collection site designated by Aventis Environmental Science USA LP. If the container has been damaged and cannot be returned according to the recommended procedures, contact Aventis Environmental Science USA LP at 1-800-843-1702 to obtain the proper handling instructions.

IMPORTANT: READ BEFORE USE

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unopened product container at once.

By using this product, user or buyer accepts the following conditions, warranty, disclaimer of warranties and limitations of liability.

CONDITIONS: The directions for use of this product are believed to be adequate and should be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Ineffectiveness or unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of BAYER Environmental Science. All such risks shall be assumed by the user or buyer.

DISCLAIMER OF WARRANTIES: BAYER ENVIRONMENTAL SCIENCE MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED OF MERCHANTABILITY OR OF FITNESS FOR PARTICULAR PURPOSE OR OTHERWISE, THAT EXTEND BEYOND THE STATEMENTS MADE ON THIS LABEL. No agent of Bayer Environmental Science is authorized to make any warranties beyond those contained herein. Aventis Environmental Science disclaims any liability whatsoever for special, incidental or consequential damages, resulting from the use or handling of this product.

LIMITATION OF LIABILITY: THE EXCLUSIVE REMEDY OF THE USER OR BUYER FOR ANY AND ALL LOSSES, INJURIES OR DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, WHETHER IN CONTRACT, WARRANTY, TORT, NEGLIGENCE, STRICT LIABILITY OR OTHERWISE, SHALL NOT EXCEED THE PURCHASE PRICE PAID, OR AT BAYER ENVIRONMENTAL SCIENCE'S ELECTION, THE REPLACEMENT OF PRODUCT.
