U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

NOTICE OF PESTICIDE:
 X Registration
 Reregistration

(under FIFRA, as amended)

EPA Reg.
Number:

432-856

Date of Issuance:

JUL 1 - 1998

Term of Issuance:

Conditional

Name of Pesticide Product:

Crossfire Multi-
Purpose Insecticide
Pressurized Spray

Name and Address of Registrant (include ZIP Code):

Agrevo Enviromental Health
95 Chestnut Ridge Road
Montvale, NJ 07645

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the labeling changes listed below before you release the product for shipment:

a. Add the phrase "EPA Registration No. 432-856".

b. You can revise the statement to read "Get medical attention if symptoms persist" under the IF On Skin first aid.

Signature of Approving Official:

Date:

295

page 2
EPA Reg. No. 432-856

c. Based upon the nature of the container package (aerosol) you must delete the third sentence under Enviromental Hazards and revise the second sentence to read "Do not apply directly to water."

d. Under "Outdoor Use" revise the run off statement to read "Apply spray thoroughly but do not let runoff occur."

3. Submit two (2) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

ACCEPTED
with COMMENTS
in EPA Letter Dated

JUL - 1 1998

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.

432-856

**PRECAUTIONARY STATEMENTS
Hazards To Humans & Domestic Animals
CAUTION**

Harmful if inhaled or absorbed through skin. Avoid breathing spray mist and contact with skin, eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Remove contaminated clothing and wash before reuse. Wash thoroughly with soap and water after handling.

Do not use in food/feed areas of food handling establishments, restaurants, or other areas where food/feed is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms, but excluding areas where foods may be prepared or held. In the home, cover all food handling surfaces and cover or remove all food and cooking utensils, or wash thoroughly after treatment. Exposed food/feed should be covered or removed.

Environmental Hazards

This product is toxic to fish. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters. Drift from treated areas may be hazardous to organisms in adjacent aquatic sites.

Physical And Chemical Hazards

Contents under pressure. Do not puncture or incinerate container. Do not use or store near heat or open flame. Exposure to temperatures above 130°F (54.5°C) may cause bursting. Do not use this product in or on electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Can be used in non-food/non-feed areas of food handling establishments such as garbage rooms, lavatories, floor drains (to sewers), entries, vestibules and hallways, offices, locker rooms, machine rooms, basements, boiler rooms, garages, utility rooms, mop closets and storage rooms (after canning or bottling).

Shake well before use. Point valve away from face. Remove protective cap. Aim spray opening away from person. Push button firmly to spray.

In preschools and nurseries, do not apply when classrooms are occupied nor when children are present.

**NOT FOR USE IN FEDERALLY INSPECTED MEAT
AND POULTRY PLANTS**

For use in non-food/non-feed areas indoors and outside premises of hotels, motels, homes, preschools, nurseries, day camps, greenhouses (non-commercial), seed houses, food handling establishments, packaging and processing plants, commercial, industrial, office, institutional and storage buildings, dairies, milk storage rooms, egg processing plants, supermarkets, restaurants, bottling plants, canneries, flour and feed mills, bakeries, and hospitals. IN HOSPITALS, patients should be removed prior to treatment. Also for use in dog kennels and horse stables. IN HORSE STABLES, not for application as a space spray while horses are present, if horses will be used for food/feed. Also for use in campers, mobile homes, buses, automobiles, trucks and boxcars.

Do not use in food/feed areas of food handling establishments, restaurants, or other areas where food/feed is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms, but excluding areas where foods may be prepared or held. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before reuse. Exposed food/feed should be covered or removed.

INDOOR USE

Wasps, Hornets, Yellow Jackets, Bees: Application should be made in the late evening when insects are at rest. Spray liberally into hiding and breeding places, especially under attic rafters, contacting as many insects as possible. Repeat as necessary.

Ants: To kill ants, spray directly on these pests for fast action. Spray trails, nests and points of entry such as cracks and crevices where ants may hide. Repeat treatment as necessary.

TO KILL CRAWLING INSECTS: Cockroaches, Waterbugs, Palmetto Bugs, Crickets, Silverfish, Earwigs, Sowbugs, Centipedes, Millipedes, Pillbugs and Firebrats: Spray thoroughly in areas where insects are found, such as cracks, crevices, moist areas, openings around pipes and sinks, baseboards, corners, behind and under refrigerators, cabinets, sinks, furnaces, stoves, underside of shelves, drawers and similar areas. Spray directly on insects when possible. Repeat as necessary.

Fleas: Thoroughly spray the animals' bedding and other resting areas until the surface is slightly moist contacting as many insects as possible. Do not allow pets to use these areas until spray has dried. Treat floor areas, cracks and crevices in the floor and along baseboards at the rate of 2 seconds per linear foot (30 cm) at a distance of 12 to 18 inches (30-45 cm). Also spray the entire inside surface of dog houses.

TO KILL FLYING INSECTS: Flies, Mosquitoes, Gnats, Fruit Flies, Small Flying Moths: Directly contact as many insects as possible. Direct spray mist to all parts of

the room, especially around windows. Do not remain in treated area. Ventilate the room after treatment is complete. Repeat as necessary.

Carpenter Ants: Apply spray to the point of runoff around doors, door frames, windows, and other areas where these ants enter the premises or hide.

OUTDOOR USE

Do not apply this product to edible crops. For use around residential, commercial and institutional buildings, patios, mobile homes, campers, boats, and swimming pools for controlling household and other pests.

PESTS ON OUTSIDE SURFACES OF BUILDINGS:

Use this product to control **Cockroaches, Crickets, Ants, Millipedes, Earwigs, Spiders and Sowbugs** on the outside surface of buildings. To help prevent infestation of buildings, treat the building foundation to a height of 2 to 3 feet, where pests are active and may find entrance. Also apply to outside surfaces of building, including porches, screens, window frames, eaves, patios, garages, refuse dumps and other areas where these pests congregate.

Apply spray to the point of runoff. Repeat as necessary to maintain effectiveness.

House Flies, Mosquitoes, Cluster Flies, Gnats, Flying Moths: For outdoor use only as an aid in reducing annoyance from these insects. Contact as many insects as possible. Spray outside surfaces of screens, doors, window frames or wherever these insects may enter. Treat surfaces around light fixtures on porches, in garages and other places where these insects congregate. Repeat as necessary.

Wasps, Hornets, Yellow Jackets, Bees: Application should be made late in the evening when insects are at rest. Aim spray at nest openings in ground, bushes, and in cracks and crevices which may harbor nests, saturating nests and contacting as many insects as possible. Repeat as necessary.

Ants and Carpenter Ants: Same as directed for indoor use.

Fleas: Apply as a spray to areas where fleas are most likely to be found, such as, but not limited to, dog houses, kennels, runways, cracks and crevices in sidewalks, paths or patios, under plants, shrubs, bushes, trees, or other shaded moist areas where pests may rest.

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Storage: Do not store near heat or open flame. Do not store this water based formulation at temperatures below 32°F (0°C).

Container Disposal: This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label (DO NOT PUNCTURE!). If the recycling is not available, replace cap, wrap the container in several layers of newspaper and discard in the trash.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
