PRECAUTIONARY STATEMENTS

Hazards To Humans & Domestic Animals

CAUTION

Harmful if inhaled. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. Remove contaminated clothing and wash before reuse. Do not use in nurseries or rooms where infants, ill or aged persons are confined.

Physical & Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To be used only in non-residential food handling areas wherever these insects are an annoyance: in Food Processing Plants, Restaurants, Hospitals, Stores, Motels, Schools and other Public Buildings; in Dairies, Barns, Canneries, Breweries and Food Handling Establishments.

Do not use in nurseries or rooms where infants, the ill or aged persons are confined. Do not install directly above or within 12 feet of any food handling or food dispensing area. Metering devices must be timed not to dispense while food processing is underway. Foods must be removed or covered during treatment. All food processing surfaces must be covered during treatment or thoroughly washed with an effective cleaning compound followed by a potable water rinse before using. Do not install within 3 feet of air ducts. Do not use in public places while customers or workers are present. Timers must be set to dispense only during non business hours. Carefully follow directions for the dispenser unit when installing the dispenser and replacing cans or conducting maintenance.

Do not use in occupied rooms. All persons must be removed from rooms prior to treatment. Rooms should be ventilated for two hours after spraying. Do not allow persons to re-enter room until after ventilation.

This product is designed for use in automatically-timed discharging devices. Using the metered valve provided, which gives a dosage of 64 mgs. set to discharge every fifteen minutes, one unit will control *Flies, Mosquitoes, Gnats* and *Flying Moths* in an area of approximately 6000 cubic feet. Factors such as shape of area, temperature, humidity and air currents all affect insect activity and may modify the area protected. Insect control will build up within 2 hours after unit is in operation.

NET CONTENTS:

ACCEPTED

APR 8 2002

Unit, the manufacturer, Aventis, Inc. is registered and EPA Reg. No. 432-1071

STORAGE AND DISPOSAL

Storage: Store in original container in a cool dry place inaccessible to children and pets and away from heat or open flame.

Disposal: Replace cap, wrap container in several layers of newspaper and discard in trash. Do not incinerate or puncture.

Used as described, this 6.5 ounce can contains sufficient insecticide to operate 24 hours a day for 28 days. This will provide for replacement at 4 week intervals. Any remaining contents may be used manually.

To use manually, remove cap and direct spray at Flies or other insects, pressing actuator button repeatedly. To treat entire area, close windows and doors and press actuator button 7 times per 1000 cubic feet of space while moving about to distribute the spray in the upper portion of the room. Keep room closed for 15 minutes and ventilate before reoccupying.

IMPORTANT: READ BEFORE USE

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unopened product container at once.

By using this product, user or buyer accepts the following conditions, disclaimer of warranties and limitations of liability.

CONDITIONS: The directions for use of this product are believed to be adequate and should be followed carefully.
