DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Read the entire label before using this product and use only according to the label instructions.

GA6 - Weed & Grass Killer is formulated to kill unwanted weeds and grass around trees, shrubs, fences, walks, patios, driveways, sidewalks, in flower beds, around houses, buildings, wooded lots, storage and recreational areas and to spot kill weeds in lawns (lawn grasses will also be killed where applied). **IMPORTANT** – Use caution when applying this product. It is an all-purpose weed and grass killer **that will injure or kill all green vegetation contacted including lawn grasses. Do not spray flowers, foliage or green bark of desirable plants.** It will kill most annual and perennial weeds, grasses and unwanted vegetation. GA6 - Weed & Grass Killer will not interfere with seed germination or growth of exposed roots of desirable plants. This product will kill both shoots and roots of plants when only the shoots are exposed. If the shoots are not exposed, treated areas can be reseeded or replanted 4 days after application or when weeds are dead.

HOW TO USE

Adjust nozzle to a coarse spray setting. Hold spray tip 1 to 2 feet away from the weed or grass and apply to thoroughly wet the weed or grass, but avoid spray run-off. Repeat treatments may be necessary to control weeds growing from underground parts or seed. GA6 - Weed & Grass Killer may be applied anytime weeds are actively growing, but this product works best in warm sunny weather with daytime temperatures above 60°F. Weed control may be reduced when applications are made to weeds under stress due to drought or cold temperatures. Reapplication may be necessary if rainfall occurs within 4 hours after application.

Avoid use during windy conditions to avoid drift onto desirable plants. If spraying in areas adjacent to desirable plants, shield the desirable plants with cardboard or other disposable material when spraying. If spray contacts desirable plant foliage, immediately rinse the foliage with water. To avoid tracking product onto lawns, keep people and pets off treated areas until the spray is thoroughly dried.

IMPORTANT: READ BEFORE USE

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unopened product container at once. By using this product, user or buyer accepts the following conditions, disclaimer of warranties and limitations of liability.

CONDITIONS: The directions for use of this product are believed to be adequate and should be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product.
