User Safety Recommendations

User should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. then wash thoroughly and put on clean clothing.

Users should remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage or disposal. Do not remove baits from container.

STORAGE: Store in original container away from heat.

DISPOSAL: If empty: Do not reuse this container, place in trash or offer for recycling id available. If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.

GENERAL INFORMATION

Maxforce Roach Control System may be used for the control of small cockroaches, such as German or Brown-Banded roaches, in any area where they are a problem, such as residential, warehousing and commercial establishments, including food service, food manufacturing and food processing facilities, hospitals, schools, day care centers, nursing homes, health care facilities, laboratories, computer and electronic equipment facilities, pet shops, zoos, basements, buses, boats, trains, and aircraft. This product has an odorless bait that roaches eat even in the presence of other foods and is packaged in a child-resistant bait station. The patented transparent red top enables you to monitor bait consumption while providing roaches their preferred environment, darkness, because roaches do not see light in the red spectrum. Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of area during application.

Do not allow children or pets to play with bait stations.

APPLICATION INSTRUCTIONS

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
1. Break bait stations away from the plastic frame and place Maxforce in areas where cockroaches have been seen and where they hide. Cockroaches infest dark, warm, damp locations.
 2. The bait stations can be stuck to a vertical surface by peeling off the bottom label to expose adhesive.
 3. For effective roach control use 4-6 bait stations per 100 square feet of horizontal surface area. Place adjacent to walls and flush in corners.
 4. Do not spray the bait stations. Avoid placing the bait stations on freshly sprayed surfaces.
 5. Roaches will begin eating the bait immediately and you should expect to see fewer roaches within two weeks.
 6. Inspect all bait stations and replace as needed for continual control of roaches.

IMPORTANT: READ BEFORE USE

By using this product, user or buyer accepts the following conditions, warranty, disclaimer of warranties and limitations of liability.

CONDITIONS: The directions for use of this product are believed to be adequate and should be followed carefully. However, because of the manner of use and other factors beyond Bayer Environmental Science's control, it is impossible for Bayer Environmental Science to eliminate all risks associated with the use of this product. All such risks shall be assumed by the user or buyer.

DISCLAIMER OF WARRANTIES: THERE ARE NO WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE, WHICH EXTEND BEYOND THE STATEMENTS MADE ON THIS LABEL. No agent of Bayer Environmental Science is authorized to make any warranties beyond those contained herein or to modify the warranties contained herein. Bayer Environmental Science disclaims any liability whatsoever for incidental or consequential damages, including, but not limited to, liability arising out of breach of contract, express or implied warranty (including warranties of merchantability and fitness for a particular purpose), tort, negligence, strict liability or otherwise.

LIMITATIONS OF LIABILITY: THE EXCLUSIVE REMEDY OF THE USER OR BUYER FOR ANY AND ALL LOSSES, INJURIES OR DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT WHETHER IN CONTRACT, WARRANTY, TORT, NEGLIGENCE, STRICT LIABILITY OR OTHERWISE, SHALL NOT EXCEED THE PURCHASE PRICE PAID, OR AT BAYER ENVIRONMENTAL SCIENCE'S ELECTION, THE REPLACEMENT OF THE PRODUCT.

ROACH CONTROL SYSTEM

Small Cockroaches

- Breaks the Roach Life Cycle
- Prevents Egg Hatching
- Inhibits Egg Production
- Patented Action EGG Control
- Creates females that are unable to produce eggs.
- As The Domino Effect™ spreads through the roach population, most roaches are killed, and still others lose their ability to produce eggs.
- This product's patented action formula kills roaches and eggs.
- As The Domino Effect™ spreads through the roach

- population, roaches that are affected either die or lose their ability to produce eggs.
- This product offers (or provides) maximum roach control.
- Controls roaches two ways, by killing adults and preventing reproduction in others.
- Depending on the amount of poison ingested, this product works by either killing or sterilizing the roaches.
- Kills roaches and the eggs they carry 24 hours a day, 7 days a week.

- Kills roaches and the eggs they carry while you sleep.
- Kills roaches and eggs while your sleep.
- Kills roaches and eggs 24 hours a day, 7 days a week.

- inspectable
