

MAX FORCE

ROACH CONTROL* SYSTEM FORMULA 18493

ACCEPTED
 OCT 26 2004
 Under the Federal Insecticide,
 Fungicide, and Rodenticide Act,
 registered, for the pesticide
 use specified under
 EPA Reg. No. 432-1253

FOR USE IN COMMERCIAL, INDUSTRIAL AND RESIDENTIAL AREAS.

ACTIVE INGREDIENT:

Hydramethylnon: tetrahydro-5, 5-dimethyl-2(1H)-pyrimidinone, (3-(4-(trifluoromethyl) phenyl)-1-(2-(4-(trifluoromethyl) phenyl) ethenyl)-2-propenylidene) hydrazone 1.00%
 Other Ingredients: 99.00%
 TOTAL: 100.00%

CONTAINS: 24 Child-Resistant Bait Stations

CAUTION: KEEP OUT OF REACH OF CHILDREN

FIRST AID

IF ON SKIN: ♦ Take off contaminated clothing.
 ♦ Rinse skin immediately with plenty of water for 15-20 minutes.
 ♦ Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-334-7577 for emergency.

Do not allow children or pets to play with the bait stations.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS CAUTION

Harmful if absorbed through skin. Avoid contact with eyes, skin or clothing. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

Personal Protective Equipment (PPE)
Applicators and handlers must wear: Shoes plus socks

Follow manufacturer's instruction for cleaning/maintaining PPE. If no such instructions for Washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

User Safety Recommendations

User should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. User should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
 User should remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Do not remove baits from container.

STORAGE: Store in original container away from heat.

DISPOSAL: If empty: Do not reuse this container. Place in trash or offer for recycling if available. If partly filled: Call your local solid waster agency or 1-800-CLEANUP for disposal instructions. Never place unused products down any indoor or outdoor drain.

GENERAL INFORMATION

This product is specially designed for large cockroaches, such as American and Oriental roaches, as well as waterbugs and palmetto bugs. It may be used indoors and outdoors for the control of cockroaches in any area where large cockroaches are a problem, such as residential, warehousing and commercial establishments, including food service, food manufacturing and food processing facilities, hospitals, schools, day care centers, nursing homes, health care facilities, laboratories, computer and electronic equipment facilities, pet shops, zoos, basements, buses, boats, trains, and aircraft. This product has an odorless bait that cockroaches eat even in the presence of other foods and is packaged in a child-resistant bait station.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Application Instructions

- Place in areas where large cockroaches have been seen and where they hide. Large cockroaches hide near or in floor drains and other exposed plumbing fixtures, near basement windows and doors, sewers, steam tunnels, and where food is prepared and stored. For outdoor use, place bait stations in areas adjacent to structures where roaches may rest or breed, for example on decks, stairs, and patios; around woodpiles, plants and trees; near vents, pipe chases, electrical conduits, windows, and other points of entry.
- The stickers provided in the box -or- bag can be used to attach bait stations to vertical surfaces if desired.
- For effective roach control use 4-6 bait stations per 100 square feet of horizontal surface area. Place adjacent to walls and flush in corners.
- Do not spray the bait stations. **Avoid placing the bait stations on freshly sprayed surfaces.**
- Roaches will begin eating the bait immediately and you should expect to see fewer roaches within two weeks.
- Replace **all stations every 3 months** for continual control of large cockroaches.

It may be used indoors and outdoors for the control of cockroaches in any area where large cockroaches are a problem, such as residential, warehousing and commercial establishments, including food service, food manufacturing and food processing facilities, hospitals, schools, day care centers, nursing homes, health care facilities, laboratories, computer and electronic equipment facilities, pet shops, zoos, basements, buses, boats, trains, and aircraft. This product has an odorless bait that cockroaches eat even in the presence of other foods and is packaged in a child-resistant bait station.

-or-

This product may be used for the control of small cockroaches, such as German or Brown-Banded roaches, in any area where they are a problem, such as residential, warehousing and commercial establishments, including food service, food manufacturing and food processing facilities, hospitals, schools, day care centers, nursing homes, health care facilities, laboratories, computer and electronic equipment facilities, pet shops, zoos, basements, buses, boats, trains, and aircraft. This product has an odorless bait that roaches eat even in the presence of other foods and is packaged in a child-resistant bait station. The patented transparent red top enables you to monitor bait consumption while providing roaches their preferred environment, darkness, because roaches do not see light in the red spectrum.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Application Instructions

1. [Break bait stations away from the plastic frame and] Place in areas where large cockroaches have been seen and where they hide. Large cockroaches hide near or in floor drains and other exposed plumbing fixtures, near basement windows and doors, sewers, steam tunnels, and where food is prepared and stored. For outdoor use, place bait stations in areas adjacent to structures where roaches may rest or breed, for example on decks, stairs, and patios; around woodpiles, plants and trees; near vents, pipe chases, electrical conduits, windows, and other points of entry. -or-
1. [Break bait stations away from the plastic frame and] Place in areas where cockroaches have been seen and where they hide. Cockroaches infest dark, warm, damp locations.
2. The stickers provided in the box -or- bag can be used to attach bait stations to vertical surfaces if desired. -or-
2. The bait stations can be stuck to a vertical surface by peeling off the bottom label to expose adhesive.
3. For effective roach control use 2-3 -or- 4-6 bait stations per 100 square feet of horizontal surface area. Place adjacent to walls and flush in corners.
4. Do not spray the bait stations. **Avoid placing the bait stations on freshly sprayed surfaces.**
5. Roaches will begin eating the bait immediately and you should expect to see fewer roaches within two weeks.
6. Replace all stations every 3 months for continual control of large cockroaches. -or-
6. Inspect all bait stations and replace as needed for continual control of roaches.
