

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
1200 Pennsylvania Avenue, N.W.
Washington, D.C. 20460

EPA Reg. Number:
432-1461

Date of Issuance:
JAN 16 2007

Term of Issuance:
Conditional

Name of Pesticide Product:

Permethrin 11.55% Concentrate

NOTICE OF PESTICIDE:

Registration
 Reregistration

(Under FIFRA as amended)

Name and Address of Registrant (include ZIP Code):

Bayer Environmental Science
2 T.W. Alexander Drive
Research Triangle Park NC 27709

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A), provided that:

1. You will submit and/or cite all data required for registration/reregistration of your product under FIFRA Section 3 (c) (5) when the Agency requires all registrants of similar products to submit such data; and submit responses required for reregistration of your product under FIFRA Section 4.
2. You will make the following label changes before you release the product for shipment:
 - a) Revise the EPA Registration Number to read "EPA Reg. No. 432-1461."
 - b) Rearrange the First Aid section so that the "If on skin..." statements are listed first. This is the most acutely toxic route of exposure.
 - c) Revise the Precautionary Statements to read "Causes skin irritation. Causes moderate eye irritation. Do not get on skin, in eyes, or on clothing. Wear coveralls worn over short sleeved shirt and short pants, socks, chemical resistant footwear and chemical resistant gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse".
 - d) Revise the Pesticide Disposal statements to read "Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility."
 - e) Delete "Not for resale under this label" since it is in conflict with the formulator exemption under 40 CFR 152.85.

f) Under Directions for Use qualify mosquito control by adding in parenthesis "(non-ULV)".

g) Add the following use limitations under Directions for Use:

"Note: Not for use to formulate products to be used:

- *In warehouses where raw or cured tobacco is stored.*
- *In warehouses while raw agricultural commodities for food or feed are stored.*
- *In greenhouses where crops for food or feed are grown.*
- *In USDA meat and egg processing plants.*
- *For mosquito control (ULV) products."*

h) Under Disclaimer of Warranties and Limitations of Liability add "To the extent consistent with applicable law" in front of:

- *"Bayer Environmental Science USA LP makes no other warranties..."*
- *"Bayer Environmental Science disclaims any liability whatsoever..."*
- *"The exclusive remedy of the user or buyer for..."*

3. Please submit three (3) copies of your final printed labeling before releasing the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing amended labeling constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

The basic confidential statement of formula (CSF) dated 06/19/2006 is acceptable. The four (4) alternate CSFs, dated 06/20, 06/21, 06/22, and 06/23/2006 are acceptable. Copies of the CSFs have been placed in the file for the subject product.

If you have any questions regarding this action, please contact Olga Odiott at 703-308-9369.

ACCEPTED
with **COMMENTS**
in EPA Letter Dated
JAN 16 2007
Under the Federal Insecticide,
Fungicide, and Rodenticide Act,
as amended, for the pesticide
registered under EPA Reg. No.
432-1461

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Formulators using this product are responsible for obtaining an EPA registration for their formulated products.

Only for formulation into an insecticide for the Following Uses: Domestic Indoor/Outdoor, Greenhouse Ornamentals, Commercial Industrial Use, Terrestrial Food and Non-Food, Indoor Non-Food, Treatment of Animals (livestock and pets) and Mosquito Control. area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

STORAGE AND DISPOSAL

Do not store below 32°F. Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage And Spill Procedure: Store upright at room temperature. Avoid exposure to extreme temperatures. Store in original container and out of the reach of children, preferably in a locked storage area. Handle and open container in a manner as to prevent spillage. If the container is leaking, invert to prevent leakage. If container is leaking or material spilled for any reason or cause, carefully dam up spilled material to prevent runoff. Refer to Precautionary Statements on label for hazards associated with the handling of this material. Do not walk through spilled material. Absorb spilled material with absorbing type compounds and dispose of as directed for pesticides below. In spill or leak incidents, keep unauthorized people away. You may contact the Bayer Environmental Science Emergency Response Team for decontamination procedures or any other assistance that may be necessary. The Bayer Environmental Science Emergency Response Telephone No. is 1-800-334-7577 or contact Chemtrec at 800-424-9300.

Pesticide Disposal: Pesticide wastes may be toxic. Improper disposal of unused pesticide, spray mixture, or rinse water is a violation of federal law. If these wastes cannot be used according to label instruction, contact your State Pesticide or Environmental Control Agency, or Hazardous Waste representative at the nearest EPA Regional Office for guidance in proper disposal methods.

Container Disposal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
