contact, wash immediately with soap and
water. Avoid contamination of food and
feedstuffs. Do not use on household pets
or humans.

**DO NOT USE OR STORE NEAR HEAT
OR OPEN FLAME**
COMBUSTIBLE MIXTURE.

Protect from Temperatures Below 40° F.
Do not apply to food crops. Avoid drift
onto food and forage crops about to be
harvested. Do not use on feed or forage.
This product is toxic to fish and wildlife.
Keep out of lakes, ponds and streams. Do
not apply to any area not specified on the
label.

NOTE: This product is not to be used
on any animal which is to be used for
food or for the production of food.
It is not to be used on any animal which
is to be used for the production of milk.

Sure Death Brand Lindane IE is an emulsion
concentrate containing lindane — the essen-
tially pure gamma isomer of benzene hexa-
chlorine. It is a contact type in conven-
tionally used amounts and is stock diluted
with water. Always use the solution
immediately after dilution. When mixed to
make a spray, it should be used immediately
after mixing.

WOODBURY CHEMICAL CO.

1000 North 1st Street, Dept. M., Des Moines, Iowa

DIRECTIONS FOR USE ON LIVESTOCK:
For lice and sarcoptic mites on beef, cattle,
sheep and goats and horses — Mix 1
pint of Lindane IE in 45 gallons of water.
This solution may be used as a spray or as
a dip. Use as directed by state law. Wet the
animal's entire body coat and hide. Do not
dip animals under 3 months of age. Do not
spray within 20 days of slaughter. Do not
dip within 40 days of slaughter. Do not use
on calves, lambs, or piglets, on ewes, milks,
and lice on hogs. Mix 1 pint of Lindane
IE in 45 gallons of water and thoroughly
spray animals. This emulsion may be
used as a dip. Do not apply to skin of less
than weaning age. Do not apply within 30
days of slaughter. Do not treat sows within
two weeks of farrowing nor for at least three
weeks thereafter. Avoid treating animals in
cold, stormy weather. Avoid treating over-
heated or sick animals.

Do not dip hogs within 45 days of slaughter.

Do not spray heads within 30 days of
slaughter.

Ornamental Shrubs: Spray the leaves and flow-
ers. The concentrate should be diluted with
water (1 pint in 25 gallons of water, 15 oz.
spray in 10 gallons). Spray foliage for at
least 4 weeks.
