

ACCEPTED

MAY 25 1967

UNDER THE FEDERAL INSECTICIDE
FUNGICIDE AND RODENTICIDE ACT
FOR ECONOMIC POISON REGISTERED
UNDER NO. 449-137 SUBJECT
TO ATTACHED COMMENTS.

KILLS Flies, Mosquitoes, Roaches, Ants, Flying Moths, Gnats, Water Bugs, Silverfish, Spiders, Wasps, Centipedes, Bedbugs, Sow Bugs, Carpet Beetles, Fleas and Crickets.

FOR CRAWLING INSECTS: (Roaches, Waterbugs, Silverfish, Crickets) Spray hiding places, such as baseboards and floor boards, behind bookcases, cabinets, and other storage areas, moist places, openings around sinks, drains and pipes — hitting as many bugs as possible.

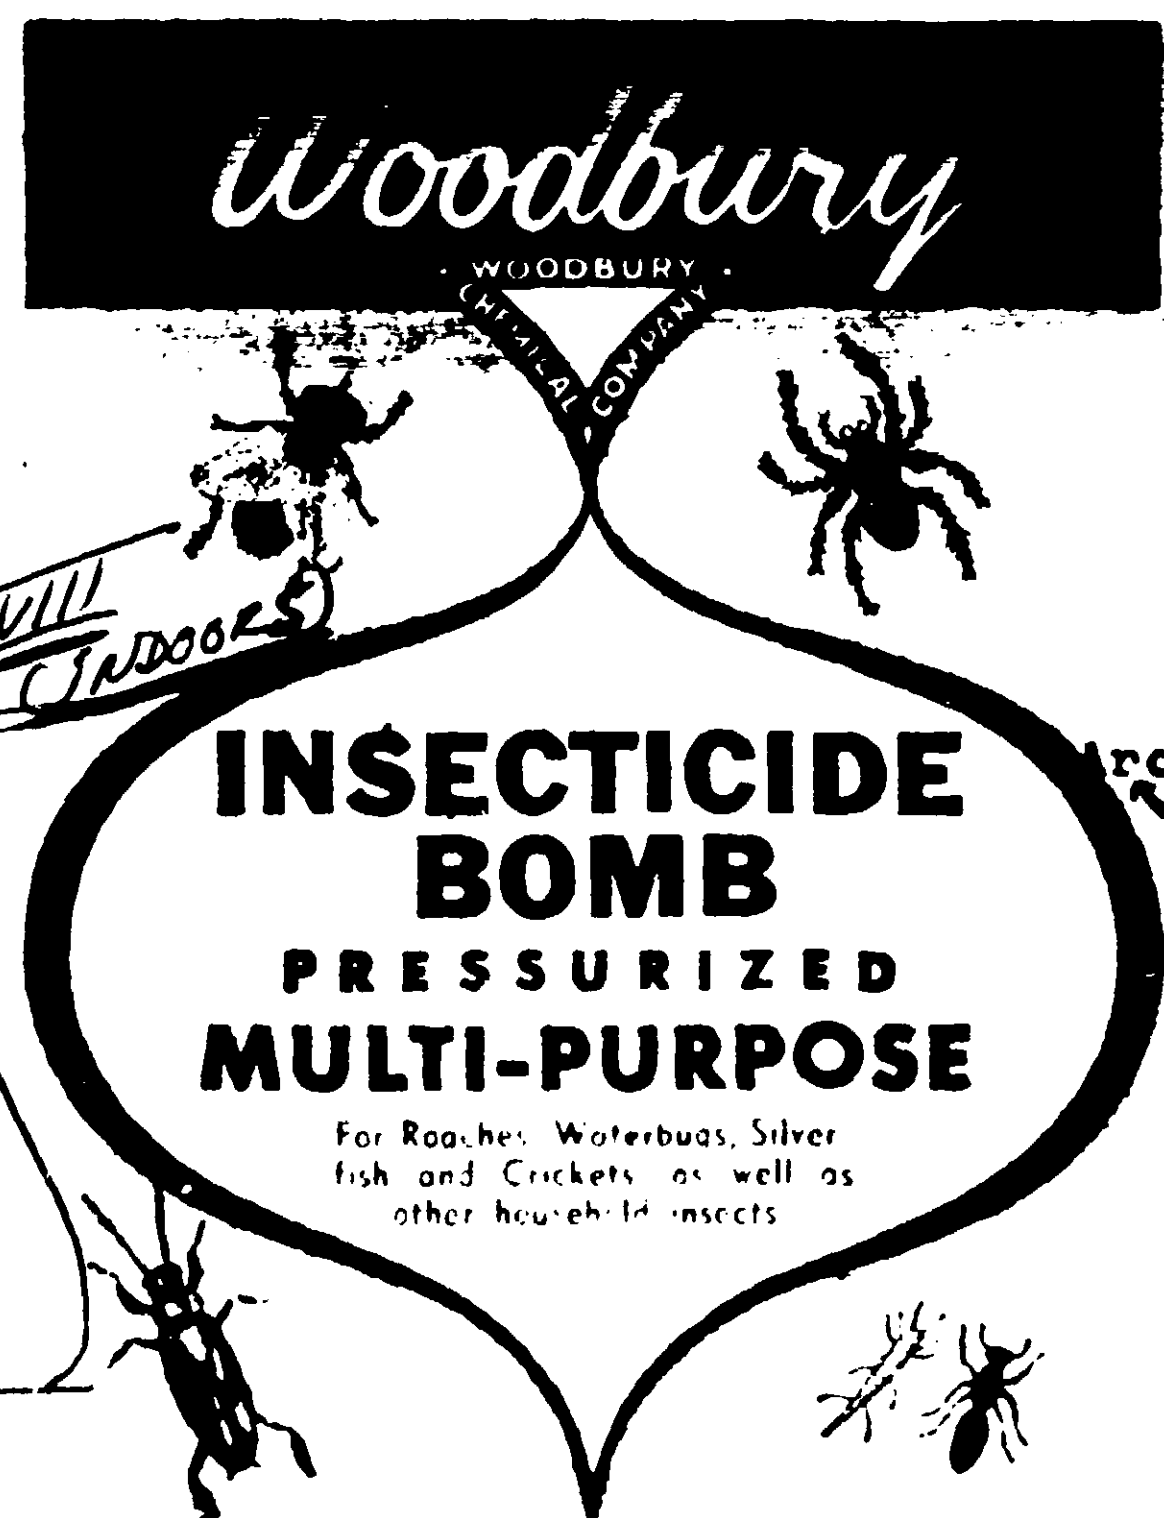

ANTS: Spray trails, hills around sills and openings around pipes and baseboards and wherever else ants crawl.

SPIDERS: SOW BUGS AND CENTIPEDES: Spray webs and where these pests crawl.

CARPET BEETLES: Hit these bugs directly with spraying on sections of floor, baseboards, shelves and underside of carpets. Repeat spraying at frequent intervals.

BEDBUGS: Spray baseboard, floorboards and moldings. Spray mattresses particularly around seams and tufts. Take beds apart and spray into all joints. Repeat spraying at frequent intervals.

FLEAS: Spray floors, floor coverings and pet's sleeping quarters. Repeat spraying these areas as often as necessary.

TO KILL FLYING INSECTS: (Flies, Mosquitoes, Flying Moths, Gnats, Wasps) Direct spraying is unnecessary for the mist in the air will kill them. First, close off doors and windows and spray into the air with a sweeping motion, keeping 3 to 4 feet from interior walls, fabric, and furniture. Room should remain closed for at least 10 minutes. About 6 seconds of spraying clears average size room (1,000 cubic feet).

ACTIVE INGREDIENTS:

Technical Piperonyl Butoxide	1.00%
Permethrin	1.00%
Pyrethrin	1.00%
Petroleum Solvent	11.00%
INERT INGREDIENTS	85.00%

*Equivalent to 1.76% 2,2-bis(p-methoxyphenyl)-1,1,1-trichloroethane and 24% other isomers and related compounds.

**Equivalent to .80% (butylcarbityl)(6-propylpiperonyl) ether and 2.0% related compounds.

CAUTION: Keep and use at moderate temperatures (not over 120 F.). Do not use near fire or open flame. Avoid leaving container in direct sunlight for any length of time. Do not puncture or incinerate container. Cover fish bowls and remove birds before spraying rooms. Avoid prolonged inhalation. Cover exposed food. Keep out of reach of children.

To use: Remove protective cap. Direct spray nozzle away from face. Push valve button to spray and release to stop.

Net Contents 12 Ozs.
