

USE AND DIRECTIONS FOR APPLICATION:

APPLICATION TO LACTATING AND NON LACTATING DAIRY CATTLE AND BEEF CATTLE

For the control of Face Flies, Horn Flies and as an aid in controlling Stable Flies—apply thoroughly to all parts of the animal (including legs) as a mist spray by use of an automatic sprayer (tremble or electric eye actuated) or by hand operated equipment at milking time at the rate of 2 fluid ounces daily per animal. DO NOT exceed the 2 fluid ounce rate. DO NOT wet the skin due to possible skin irritation. DO NOT apply regularly to calves under 6 months of age. Brahman cattle should not be treated as they may show hypersensitivity to organic phosphates.

CAUTION

**HARMFUL IF SWALLOWED,
INHALED OR ABSORBED THROUGH
THE SKIN!**

PRECAUTIONS IN USING

AVOID inhalation of mist and contact with skin. In case of contact with skin or eyes, flush with plenty of water, for eyes get medical attention. Wash thoroughly with soap and water after handling and before eating or smoking. If swallowed, induce vomiting immediately and get medical attention. Atropine is antidotal.

Do not contaminate feed, water or food-stuffs, milk or milking utensils.

NOTICE: This product is toxic to fish, wildlife and birds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

NOTICE: Decontaminate and destroy used containers:

Do not reuse for any purpose. Decontaminate containers by rinsing thoroughly with water and detergent. Dispose of rinsings in a way as not to constitute a hazard, or contaminate potable water supplies. Destroy container by crushing and burying in an isolated area.

NOTICE: Buyer assumes all risks of use, storage or handling of this material not in strict accordance with directions given herewith.
