WARNING

DO NOT apply 2,4-D sprays direct to flowers, fruits, vegetables, grapes, ornamentals, or other desirable plants. Even minute quantities of 2,4-D spray drift or mist may cause severe injuries to beneficial or desirable plants, hence caution must be exercised in using this chemical in close proximity to such plants.

DO NOT use on lawns of creeping bent, St. Augustine grass, freshly seeded or closely cut lawns, legumes, such as white clover, are susceptible to the action of 2,4-D and will be severely damaged or killed.

DO NOT contaminate irrigation ditches or water used for domestic purposes. Excessive amounts of 2,4-D in the soil may temporarily inhibit seed germination and plant growth.

DO NOT store 2,4-D products near fertilizers, seeds, insecticides, or fungicides.

DO NOT use 2,4-D spray equipment for any purpose other than 2,4-D. Such equipment should not be used for the application of insecticides, fungicides, or other agricultural chemicals. Coarse sprays are less likely to drift. Vapors from this product may injure susceptible plants in the immediate vicinity.

CAUTION

Harmful if swallowed. May cause skin irritation. Avoid contact with eyes, skin, clothing.

NOTICE: Buyer assumes all risks of use, storage, or handling of this material not in strict accordance with directions given herewith.
