

LOUSE-X

CONTAINS KORLAN*

CONTROLS HOG LICE on all ages of Swine-Newborn too

ACTIVE INGREDIENTS:

Resmethrin (O, O-dimethyl O-(2,4,5-trichlorophenyl) phosphorothioate) 5

INERT INGREDIENTS:

TOTAL 95

TOTAL 100

*From technical grade; not suitable for internal use in animals.

USE DIRECTIONS

Apply LOUSE-X evenly over the bedding for swine at the rate of 1 lb. per 100 square feet of area. The granules may be applied with a scoop or a can. No mixing with the bedding is necessary. One treatment will control the hog lice infestation when the animals use the bedding regularly.

NOTE: Replace the treated bedding with clean, untreated bedding or otherwise exclude the swine from the treated bedding two weeks prior to slaughter.

LIVESTOCK REMEDY - NOT FOR HUMAN USE

CAUTION

KEEP OUT OF REACH OF CHILDREN

Harmful to swine if inhaled. Avoid prolonged breathing of dust. Avoid contact with eyes, nose, mouth and repeated contact with skin. Wash thoroughly after using. Avoid contamination of feed and feedstuffs.

NO WARRANTY: Buyer assumes all risks of use. No guarantee of control of this material when used in strict accordance with directions given hereon.
