

**FOR INDUSTRIAL USE ONLY**

**DIRECTION FOR USE**

For use on exterior wood surfaces. Apply to all surfaces to be treated.

**IMPORTANT! DO NOT DILUTE.**

**FOR EXTERIOR USE ONLY.**

This product is a water repellent and preservative for exterior wood. It prevents fungal growth, which causes rot and decay. Water repellent action is the control of shrinkage, swelling and checking, graying and staining.

For best results, this product should be applied to all surfaces to be treated. Penetration into the wood should be as deep as possible. A minimum of 1/8 inch is recommended for millwork. For other open work, treatment should be made on all exposed surfaces. The wood in the solution is generally a light tan color. The color of the wood will change as the treatment is applied. The color of the wood will change as the treatment is applied. The color of the wood will change as the treatment is applied.

Where open work treatment is required, the wood should be treated on all surfaces. The product should be applied to all surfaces to be treated. The product should be applied to all surfaces to be treated. The product should be applied to all surfaces to be treated.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS (AND DOMESTIC ANIMALS)**

**WARNING**

**MAY BE FATAL IF SWALLOWED OR ABSORBED THROUGH THE SKIN. HARMFUL IF INHALED.**

**May be irritating to the eyes, skin or respiratory tract.**

Do not get in eyes, on skin or on clothing. Use of goggles and protective clothing (rubber gloves) is recommended when brushing or dipping, and use of an approved respirator when appropriate. Avoid prolonged and/or repeated breathing of vapors, mist or substantially saturated atmosphere. Use only in well ventilated areas. Not for use or storage in or around the home. Keep containers closed when not in use. Do not take internally.

**FIRST AID:** If swallowed, CALL A PHYSICIAN IMMEDIATELY. DO NOT induce vomiting. For skin contact, wash thoroughly with soap and water. Remove contaminated clothing and shoes. Wash clothes before reuse. In case of eye contact, flush immediately with plenty of water for 15 minutes and get medical attention. If inhaled, remove to fresh air.

**NOTE TO PHYSICIAN:** Pentachlorophenol in this product is a metabolic stimulant. Treat symptomatically.

**ENVIRONMENTAL HAZARDS:**

This product is toxic to fish and wildlife. Do not apply directly to lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

This product is toxic to domestic animals. Treated sawdust and other wood wastes should not come in contact with domestic animals or be used as mulch where it will come in contact with useful living plants. Care should be taken to prevent drip from contacting ornamental shrubs, trees, grass and other desirable vegetation.

Vapors may cause injury if adequate ventilation is not insured. Do not use this product indoors or any other confined areas where the vapors may concentrate or migrate indoors and cause injury to plant or animal life.

**PHYSICAL OR CHEMICAL HAZARDS. COMBUSTIBLE. DO NOT** use, pour, spill or store near heat or open flame.

**IN CASE OF FIRE:** Use dry chemicals, foam, water fog or CO<sub>2</sub>. Cool closed containers with water.
