

FOR INDUSTRIAL USE ONLY

DIRECTION FOR USE

For a list of all Federal laws to use this product, see the label or contact your distributor.

IMPORTANT! DO NOT DILUTE.

FOR EXTERIOR USE ONLY.

This product is a clear or slightly hazy liquid for the protection of wood against fungus growths which cause rot and decay. It contains water repellent to aid in the control of shrinking, swelling and checking, grain raising and warping.

For best results, this product should be applied so as to effect maximum penetration into the wood and heavy absorption especially at joints and wherever end grain exists. A 15 minute immersion period is recommended for millwork. For other open tank treatments, complete immersion of the wood in the solution is generally recommended for five minutes per inch of thickness. For the control of dimensions, changes, shrinkage and swelling, the treatment of the end grain is most important since the moisture pick up there is a hundred to a thousand times greater than at the flat or edge grain surface for many species of wood.

Where open tank treating is impractical, two heavy brush applications of this product should be applied, cutting out and removing all surface wood two feet beyond any visible evidence of decay. All wood should be thoroughly dry and the framing or cutting completed before application of this product.

Estimated Coverage: 500 sq. ft. per thousand board feet for spray application; 200 square feet per gallon for brush application.

STORAGE AND DISPOSAL

PROHIBITIONS: Do not so contaminate water, food, or feed by storage or disposal.

PESTICIDE DISPOSAL: Pesticide label directions apply. This product should be used according to label directions. Containers must be disposed of according to Federal or approved state procedure under Superfund, RCRA, and other applicable laws and Regulations.

CONTAINER DISPOSAL: Triple rinse or equivalent. Then recycle where available or recard, condition, or burn and dispose of residue in accordance with other approved state and local procedures.

LIMIT OF WARRANTY AND LIABILITY

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS (AND DOMESTIC
ANIMALS)

WARNING

**MAY BE FATAL IF SWALLOWED OR AB-
SORBED THROUGH THE SKIN. HARM-
FUL IF INHALED.**

**May be irritating to the eyes, skin or respiratory
tract.**

Do not get in eyes, on skin or on clothing. Use of goggles and protective clothing (rubber gloves) is recommended when brushing or dipping, and use of an approved respirator when appropriate. Avoid prolonged and/or repeated breathing of vapors, mist or substantially saturated atmosphere. Use only in well ventilated areas. Not for use or storage in or around the home. Keep containers closed when not in use. Do not take internally.

FIRST AID: If swallowed, CALL A PHYSICIAN IMMEDIATELY. DO NOT induce vomiting. For skin contact, wash thoroughly with soap and water. Remove contaminated clothing and shoes. Wash clothes before reuse. In case of eye contact, flush immediately with plenty of water for 15 minutes and get medical attention. If inhaled, remove to fresh air.

NOTE TO PHYSICIAN: Pentachlorophenol in this product is a metabolic stimulant. Treat symptomatically.

ENVIRONMENTAL HAZARDS:

This product is toxic to fish and wildlife. Do not apply directly to lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

This product is toxic to domestic animals. Treated sawdust and other wood wastes should not come in contact with domestic animals or be used as mulch where it will come in contact with useful living plants. Care should be taken to prevent drip from contacting ornamental shrubs, trees, grass and other desirable vegetation.

Vapors may cause injury if adequate ventilation is not insured. Do not use this product indoors, or any other confined areas, where the vapors may concentrate or migrate indoors and cause injury to plant or animal life.

PHYSICAL OR CHEMICAL HAZARDS: COMBUSTIBLE.
DO NOT use, pour, spill or store near heat or open flame.

IN CASE OF FIRE: Use dry chemicals, foam, water fog or CO₂. Cool closed containers with water.
