IF SUCH TERMS ARE NOT ACCEPTABLE RETURN AT ONCE UNOPENED

ACTIVE INGREDIENT:
Bis (Tri-n-Butyltin) Oxide 0.75%
INERT INGREDIENTS 99.25%
TOTAL 100.00%

EPA Reg. No. 453-277
EPA Est. 453-MO-1

Net Contents U.S. Gallons (Liters)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This preservative is recognized as effective for above ground use, and not recommended for ground contact.

This clear oil solution has been developed for the protection of wood against fungus growths which cause rot and stain. It also contains water repellents to aid in the control of shrinking, swelling, end checking, grain raising and warping.

For the control of dimensional changes, shrinkage and swelling, the treatment of the end grain is most important since the moisture pick-up there is a hundred to a thousand times greater than at the flat or edge grain surface for many species of wood. For best results, this product should be applied so as to effect greater absorption at joints and wherever end grain exists. All wood should be normally dry, and the framing or cutting completed before application of this product.

This product can be applied to millwork and other wood products by various methods including immersion, brushing, vacuum, pressure and flooding. This product will be effective only in the areas of the wood contacted by the solution. Therefore, thoroughness of treatment is essential.

ESTIMATED COVERAGE: 5 to 10 gallons per thousand board feet for open tank treatment 200 square feet per gallon for brush application.

STORAGE AND DISPOSAL

PROHIBITIONS: Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

PESTICIDE DISPOSAL: Pesticide, spray mixture, or rinsate that cannot be used or chemically reprocessed should be disposed of according to procedures approved by Federal, State or local disposal authorities.

CONTAINER DISPOSAL: Triple rinse (or equivalent) and dispose of in an approved landfill or bury in a safe place.

GENERAL: Consult Federal, State, or local disposal authorities for approved alternative procedures.

LIMIT OF WARRANTY AND LIABILITY

This company warrants that this material conforms to the chemical description on the label to in the directions for use. This product is sold subject to the understanding that the buyer is not in strict accordance with the directions given herewith which are beyond the control of this company and the manner of its use of application. NO OTHER EXPRESSED OR IMPLIED WARRANTY. The exclusive remedy of the buyer, and the limit of liability of this company or any other party resulting from the use or handling of this product shall be the purchase price paid by the buyer. The buyer and all users are deemed to have accepted the terms of this notice which may be printed on the label.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS (AND DOMESTIC ANIMALS)

MAY BE FATAL IF SWALLOWED. MAY BE ABSORBED THROUGH SKIN. CAUSES SKIN IRRITATION.

Do not get in eyes, on skin or on clothing. Do not breathe vapor or spray mist. Wear protective clothing and rubber gloves when handling this product or freshly treated lumber.

KEEP OUT OF REACH OF CHILDREN.

USE WITH ADEQUATE VENTILATION.

Vapors may cause injury if adequate ventilation is not insured. Do not use this product indoors, or any other confined areas, where vapors may concentrate and cause injury to plant or animal life. Keep containers closed when not in use.

This product is toxic to domestic animals. Treated sawdust and other wastes should not come in contact with domestic animals. Avoid contamination of feed or foodstuffs.

FIRST AID:

If swallowed, **CALL A PHYSICIAN IMMEDIATELY. DO NOT** induce vomiting. In case of skin contact, wash thoroughly with soap and water; for eyes, flush immediately with plenty of water for 15 minutes and get medical attention. If inhaled, remove to fresh air.

PHYSICAL OR CHEMICAL HAZARDS

COMBUSTIBLE: Do not use, pour, spill or store near heat or open flame.

IN CASE OF FIRE: Use dry chemicals, foam, water fog or CO₂. Cool closed containers with water.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Keep out of any body of water. Do not contaminate water by cleaning of equipment or disposal of wastes.

Treated sawdust and other wood wastes should not be used as mulch where it will come in contact with useful living plants. Care should be taken to prevent drip or spray from contacting ornamental shrubs, trees, grass, and other desirable vegetation.
