#### DIRECTIONS FOR USE

This is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This fungicide is recognized as effective for above ground use and is not recommended for ground contact.

This clear light green solution has been developed to aid in protection of wood, rope, and canvas against fungus growths which cause mold, mildew, decay and stain. It also contains water repellent to aid in the control of shrinking, swelling, end checking, grain raising and warping. It does not control insects.

For the treatment of rope and canvas, completely immerse the object to be treated in the solution for a minimum of 30 seconds. Allow sufficient time for the treated objects to dry prior to any further processing. For objects that cannot be immersed, liberal application by flooding, rolling, or brushing should be applied.

Treatment of dry wood products can be accomplished by vacuum or pressure methods or by dipping. Wood should be dried to below the moisture content it will ultimately reach in service so that air seasoning checks develop before treating, and in no case should wood be at a moisture content higher than 30% before dipping. Completely immerse in the solution for at least 3 minutes. Allow sufficient time for the treated products to dry prior to further processing.

**ESTIMATED COVERAGE:** 5 to 10 gallons per thousand board feet for open tank treatment. 200 square feet per gallon for brush application.

#### STORAGE AND DISPOSAL

**PROHIBITIONS:** Do not contaminate water, food or feed by storage or disposal.

**PESTICIDE DISPOSAL:** Pesticide spray mixture or rinsate that cannot be used according to label instruction must be disposed of according to Federal, state or local procedures under the Resource Conservation and Recovery Act.

**CONTAINER DISPOSAL:** Triple rinse, or equivalent, and offer for recycling or reconditioning, or dispose of in a sanitary landfill, or by other approved State and local procedures.

#### LIMIT OF WARRANTY AND LIABILITY

This company warrants that this material conforms to the chemical description on the label in the directions for use. This product is sold subject to the understanding that the buyer not in strict accordance with the directions given herewith which are beyond the control of other products and the manner of its use of application. **NO OTHER EXPRESSED OR IMPLIED WARRANTY.** The exclusive remedy of the buyer, and the limit of liability of this company or any agent, shall be the purchase price paid by the buyer. The buyer and all users are deemed to have accepted the terms of this notice which may vary from time to time.

#### PRECAUTION

HAZARDS TO MAN AND DOMESTIC ANIMALS

HARMFUL IF SWALLOWED OR IN CONTACT WITH SKIN

Do not get in eyes. Avoid breathing spray mist. Wash thoroughly after handling this product.

KEEP OUT OF REACH OF CHILDREN
