### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This fungicide is recognized as effective for above ground use, and is not recommended for ground contact.

This clear light green solution has been developed for the protection of wood, rope, and canvas against fungus growths which cause mold, mildew, decay and stain. It also contains water repellents to aid in the control of shrinking, swelling, end checking, grain raising and warping.

Immerse completely the object to be treated in the solution for 15 to 30 seconds. Allow sufficient time for the treated objects to dry prior to any further processing.

For objects that cannot be immersed, liberal application by flooding, rolling, or brushing should be applied.

Treatment of wood can also be accomplished by vacuum or pressure.

**ESTIMATED COVERAGE:** 5 to 10 gallons per thousand board feet for open tank treatment. 200 square feet per gallon for brush application.

### STORAGE AND DISPOSAL

**PROHIBITIONS:** Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

**PESTICIDE DISPOSAL:** Pesticide, spray mixture, or rinsate that cannot be used or chemically reprocessed should be disposed of according to procedures approved by Federal, State or local disposal authorities.

**CONTAINER DISPOSAL:** Triple rinse (or equivalent) and dispose of in an approved landfill or bury in a safe place.

**GENERAL:** Consult Federal, State, or local disposal authorities for approved alternative procedures.
